ORCHID™

Assembly Instruction Manual

for

hydro-box™

60cm x 60cm x 200cm

Box Contents

Tent fabric.
Splash tray.
Frame corners (including 1 spare):

Please follow the instructions carefully

hydro-box™
Tent Assembly Instructions

STEP

1

Create the frame base by joining 2 A poles and 2 B poles with 4 corner pieces.

Please note the black plastic end caps should be facing upwards when you construct the top of the frame.

STEP

2

The black plastic end caps should be facing downwards when you construct the base section.

Push the poles into the corner pieces until the locking ball pops through the hole.

Create the base and the top of the tent frame.

STEP

3

Once the base section is complete, repeat the process with the remaining corners and A and B poles to construct the top of the frame.

hydro-box™
Tent Assembly Instructions

STEP

4

**Add poles C to the base section
and poles D into the top section.**

'D' Pole

STEP

5

'C' Pole

Join together the base of the frame with the top of the frame.

Add poles E and F to the top of the frame.

STEP

6

hydro-box™
Tent Assembly Instructions

Unfold your tent and place
the frame into the base
as pictured.

STEP

7

hydro-box™
Tent Assembly Instructions

STEP

8

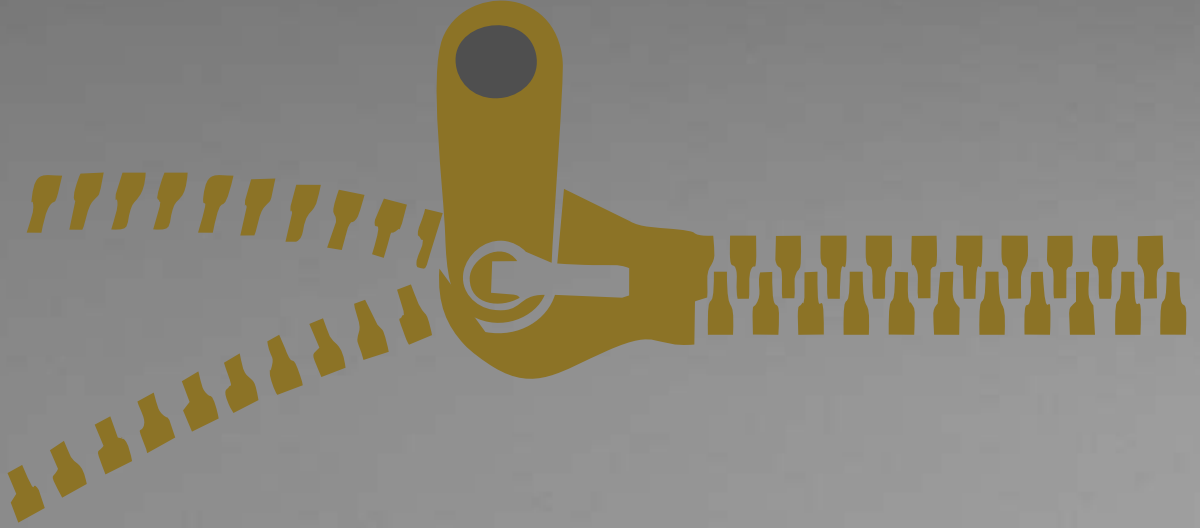

Make sure the bottom of the tent is fitted firmly around the frame before lifting the top of the tent on to the frame.

Lift the top of the tent fabric and carefully fit it around the top of the frame.

STEP

9
