ORCHID™

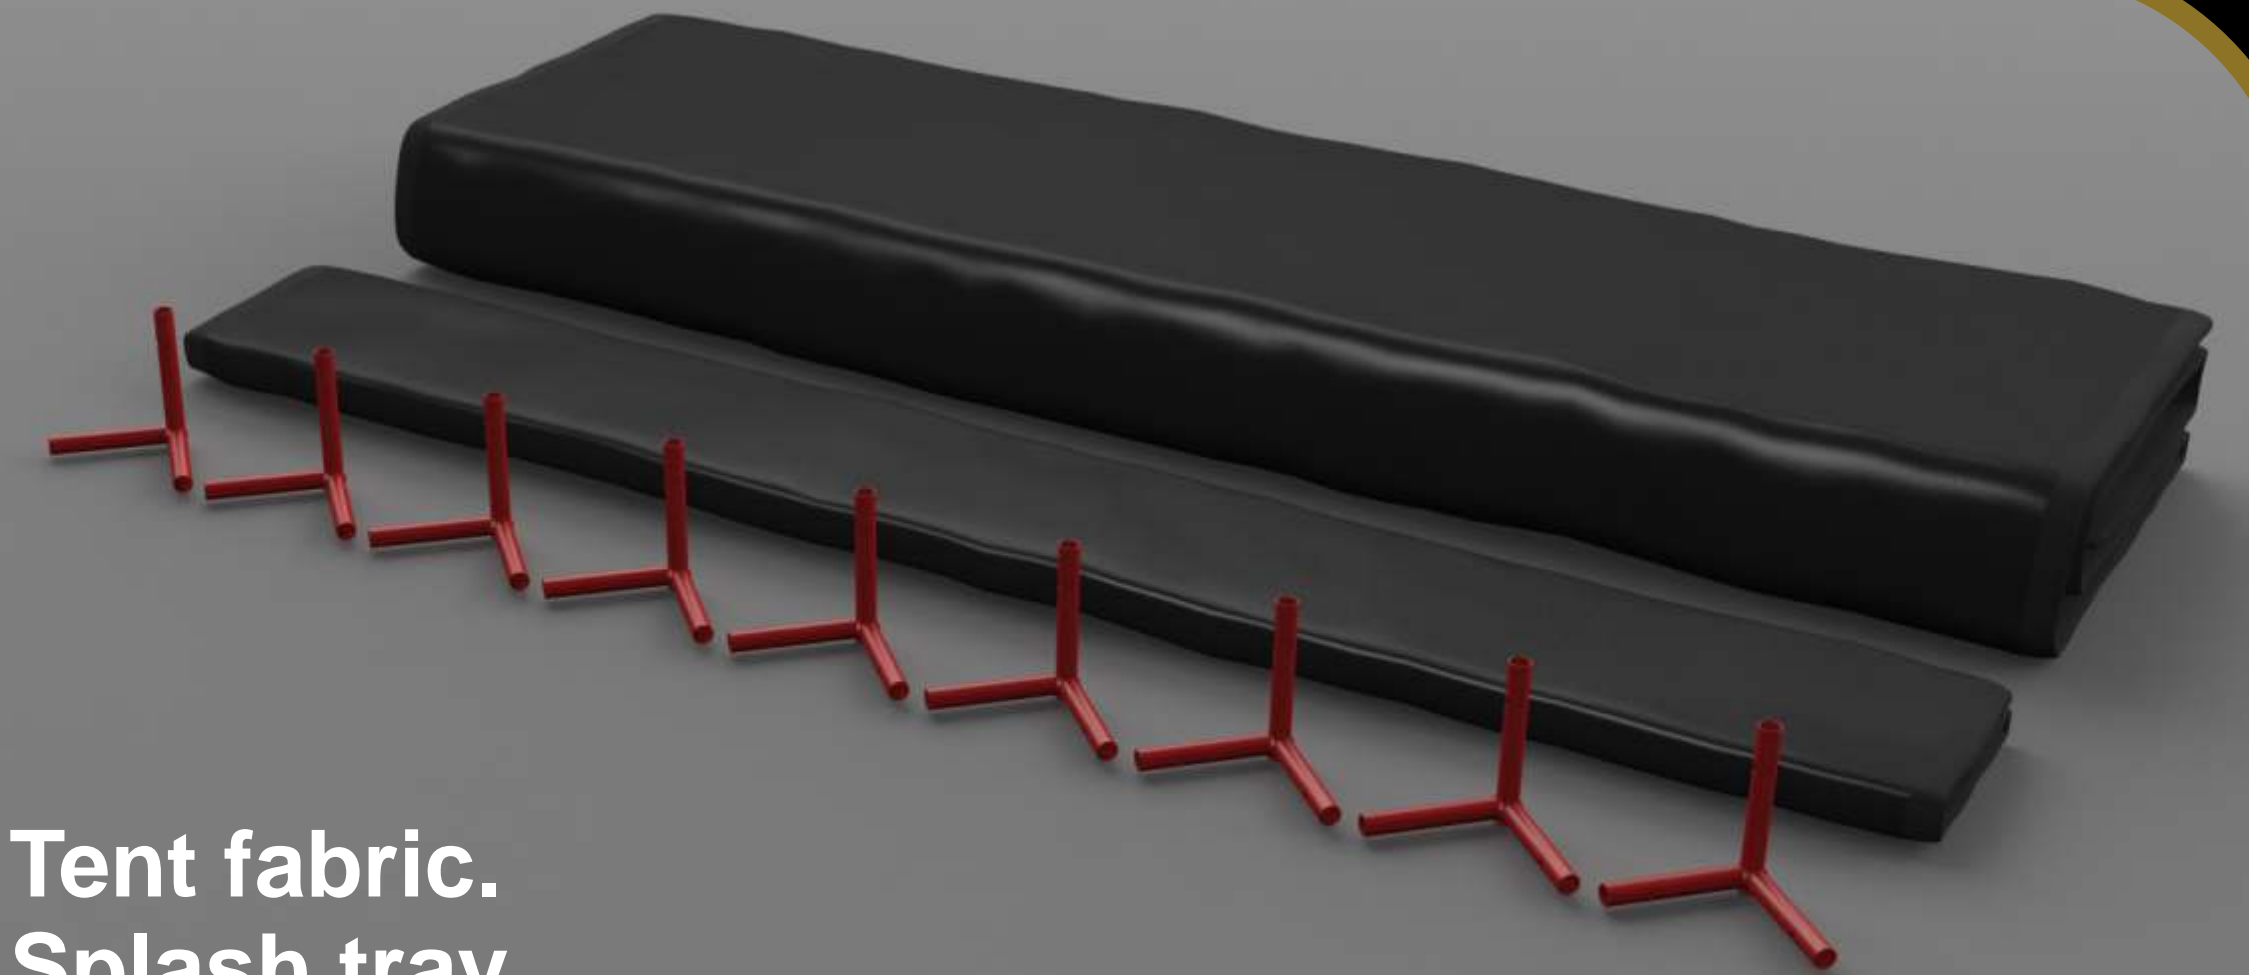

# Assembly Instruction Manual

for

hydro-box™

90cm x 90cm x 200cm

## Box Contents

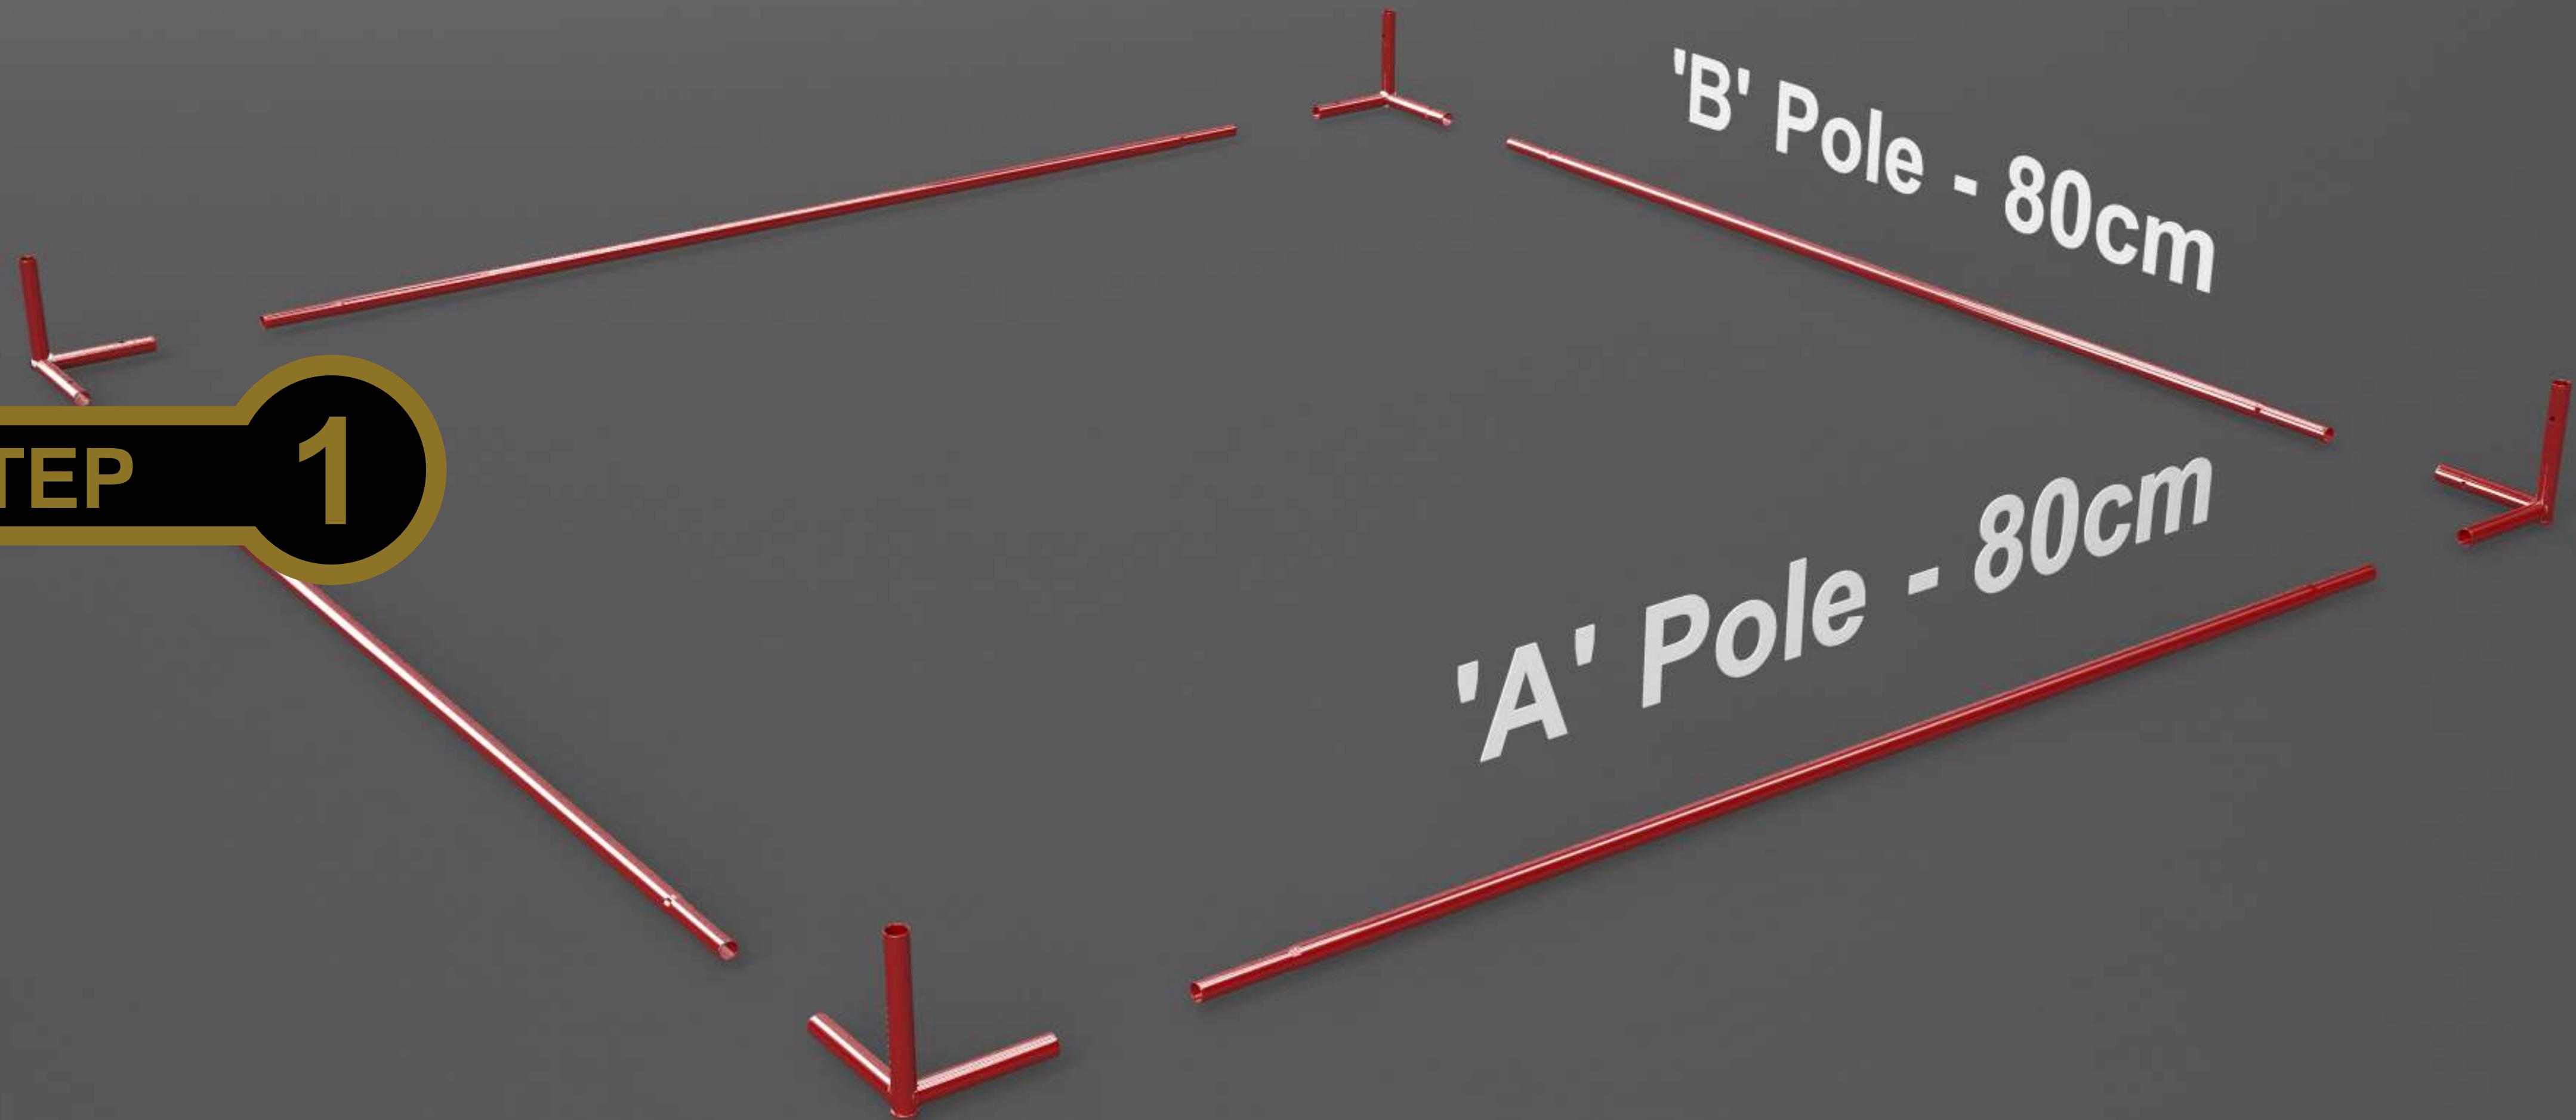

Tent fabric.  
Splash tray.  
Frame corners (including 1 spare):

Please follow the instructions carefully

**hydro-box™**  
Tent Assembly Instructions

STEP

1

Create the frame base by joining 2 A poles and 2 B poles with 4 corner pieces.

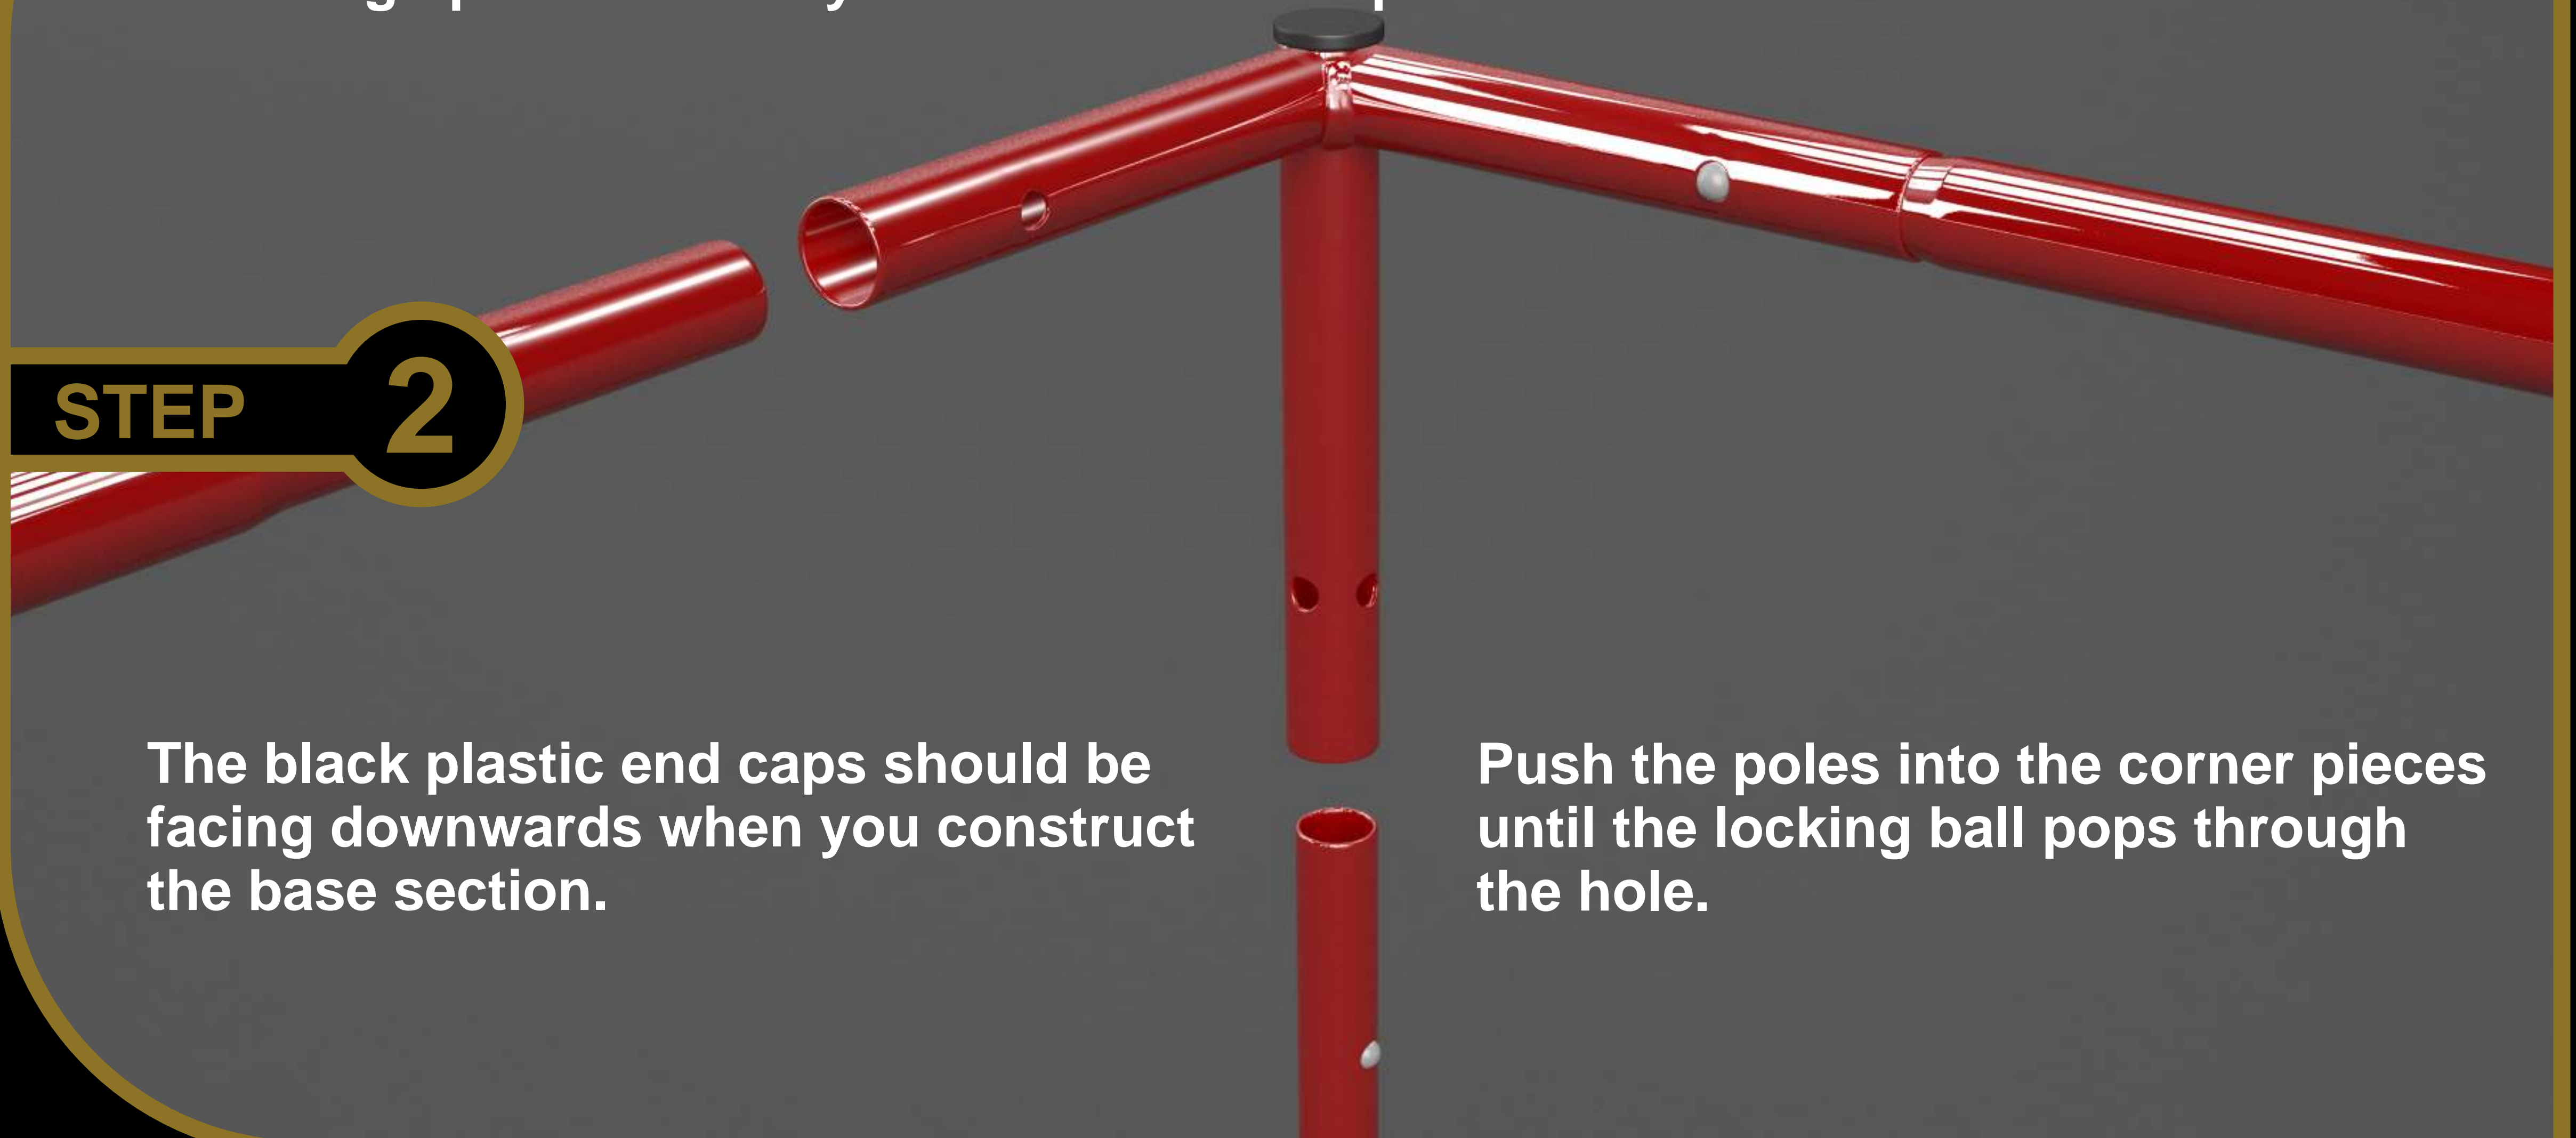

Please note the black plastic end caps should be facing upwards when you construct the top of the frame.

**STEP**

**2**

The black plastic end caps should be facing downwards when you construct the base section.

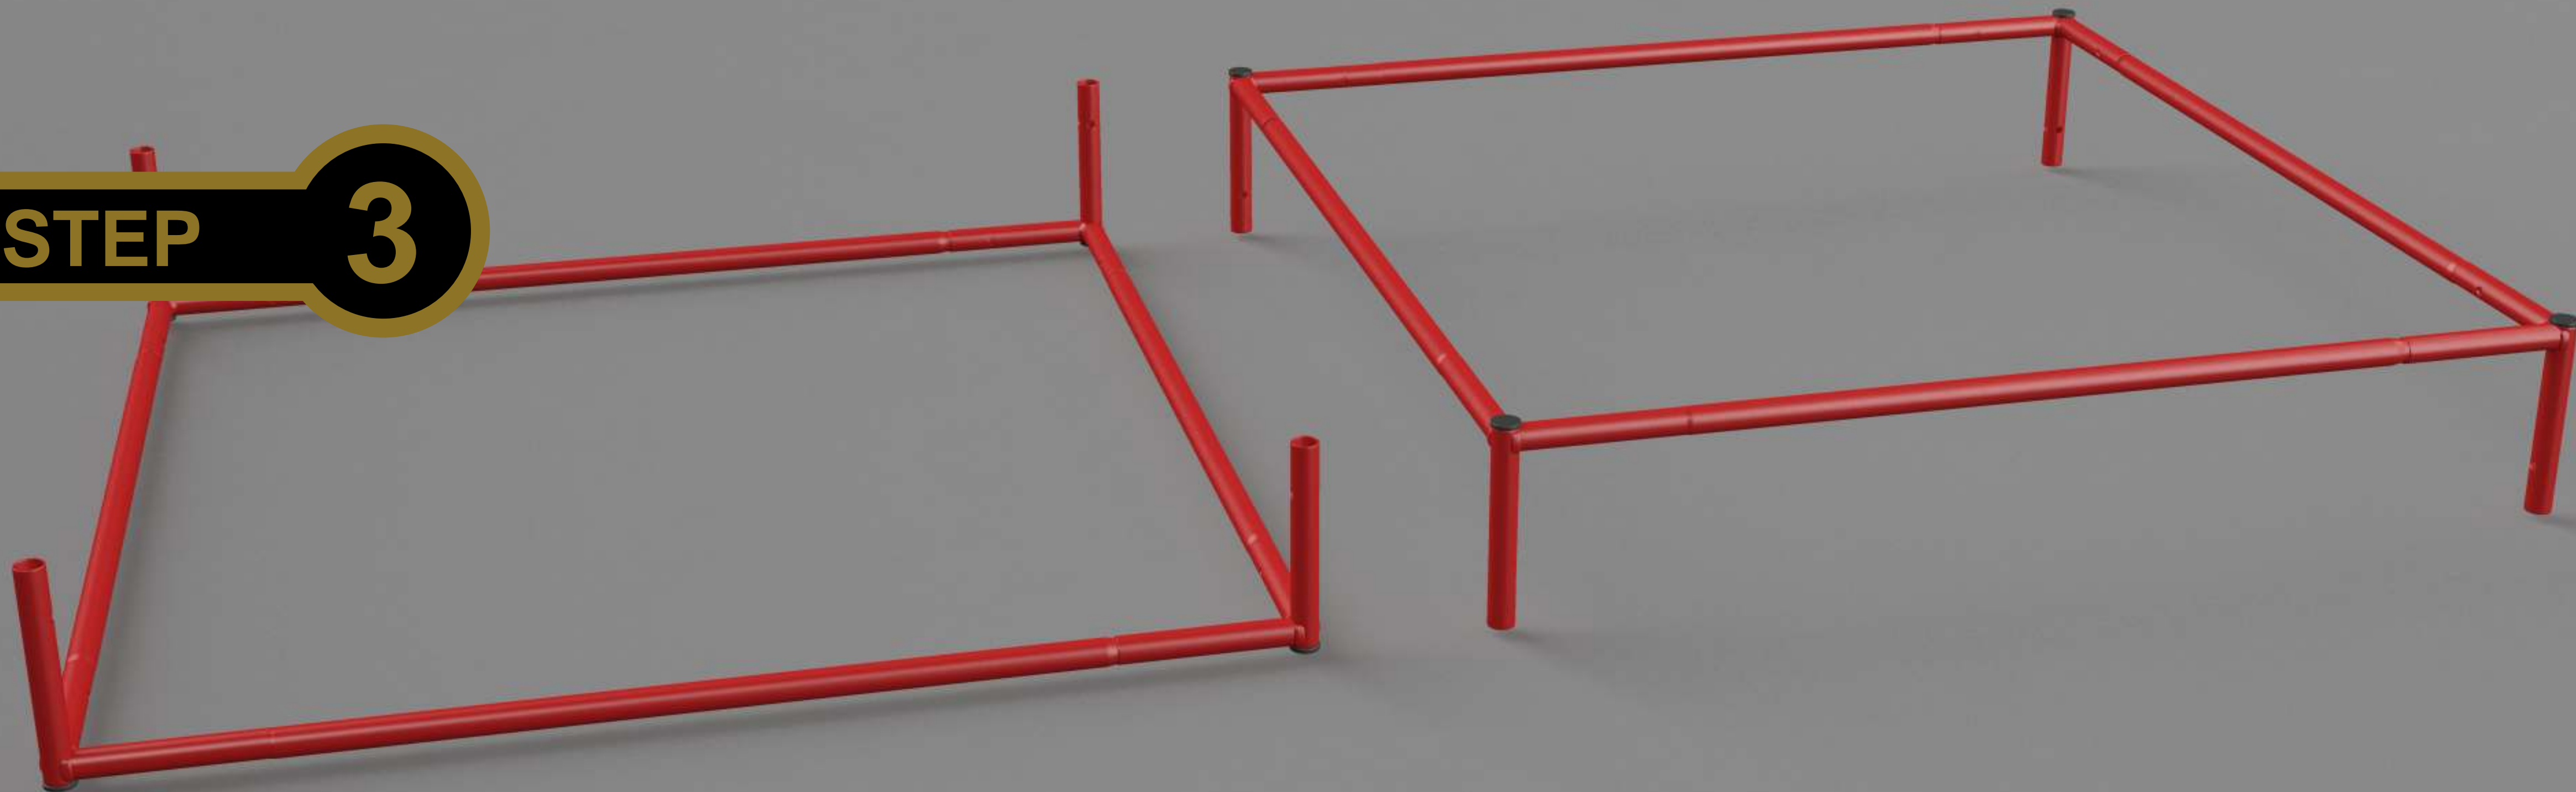

Push the poles into the corner pieces until the locking ball pops through the hole.

Create the base and the top of the tent frame.

**STEP**

**3**

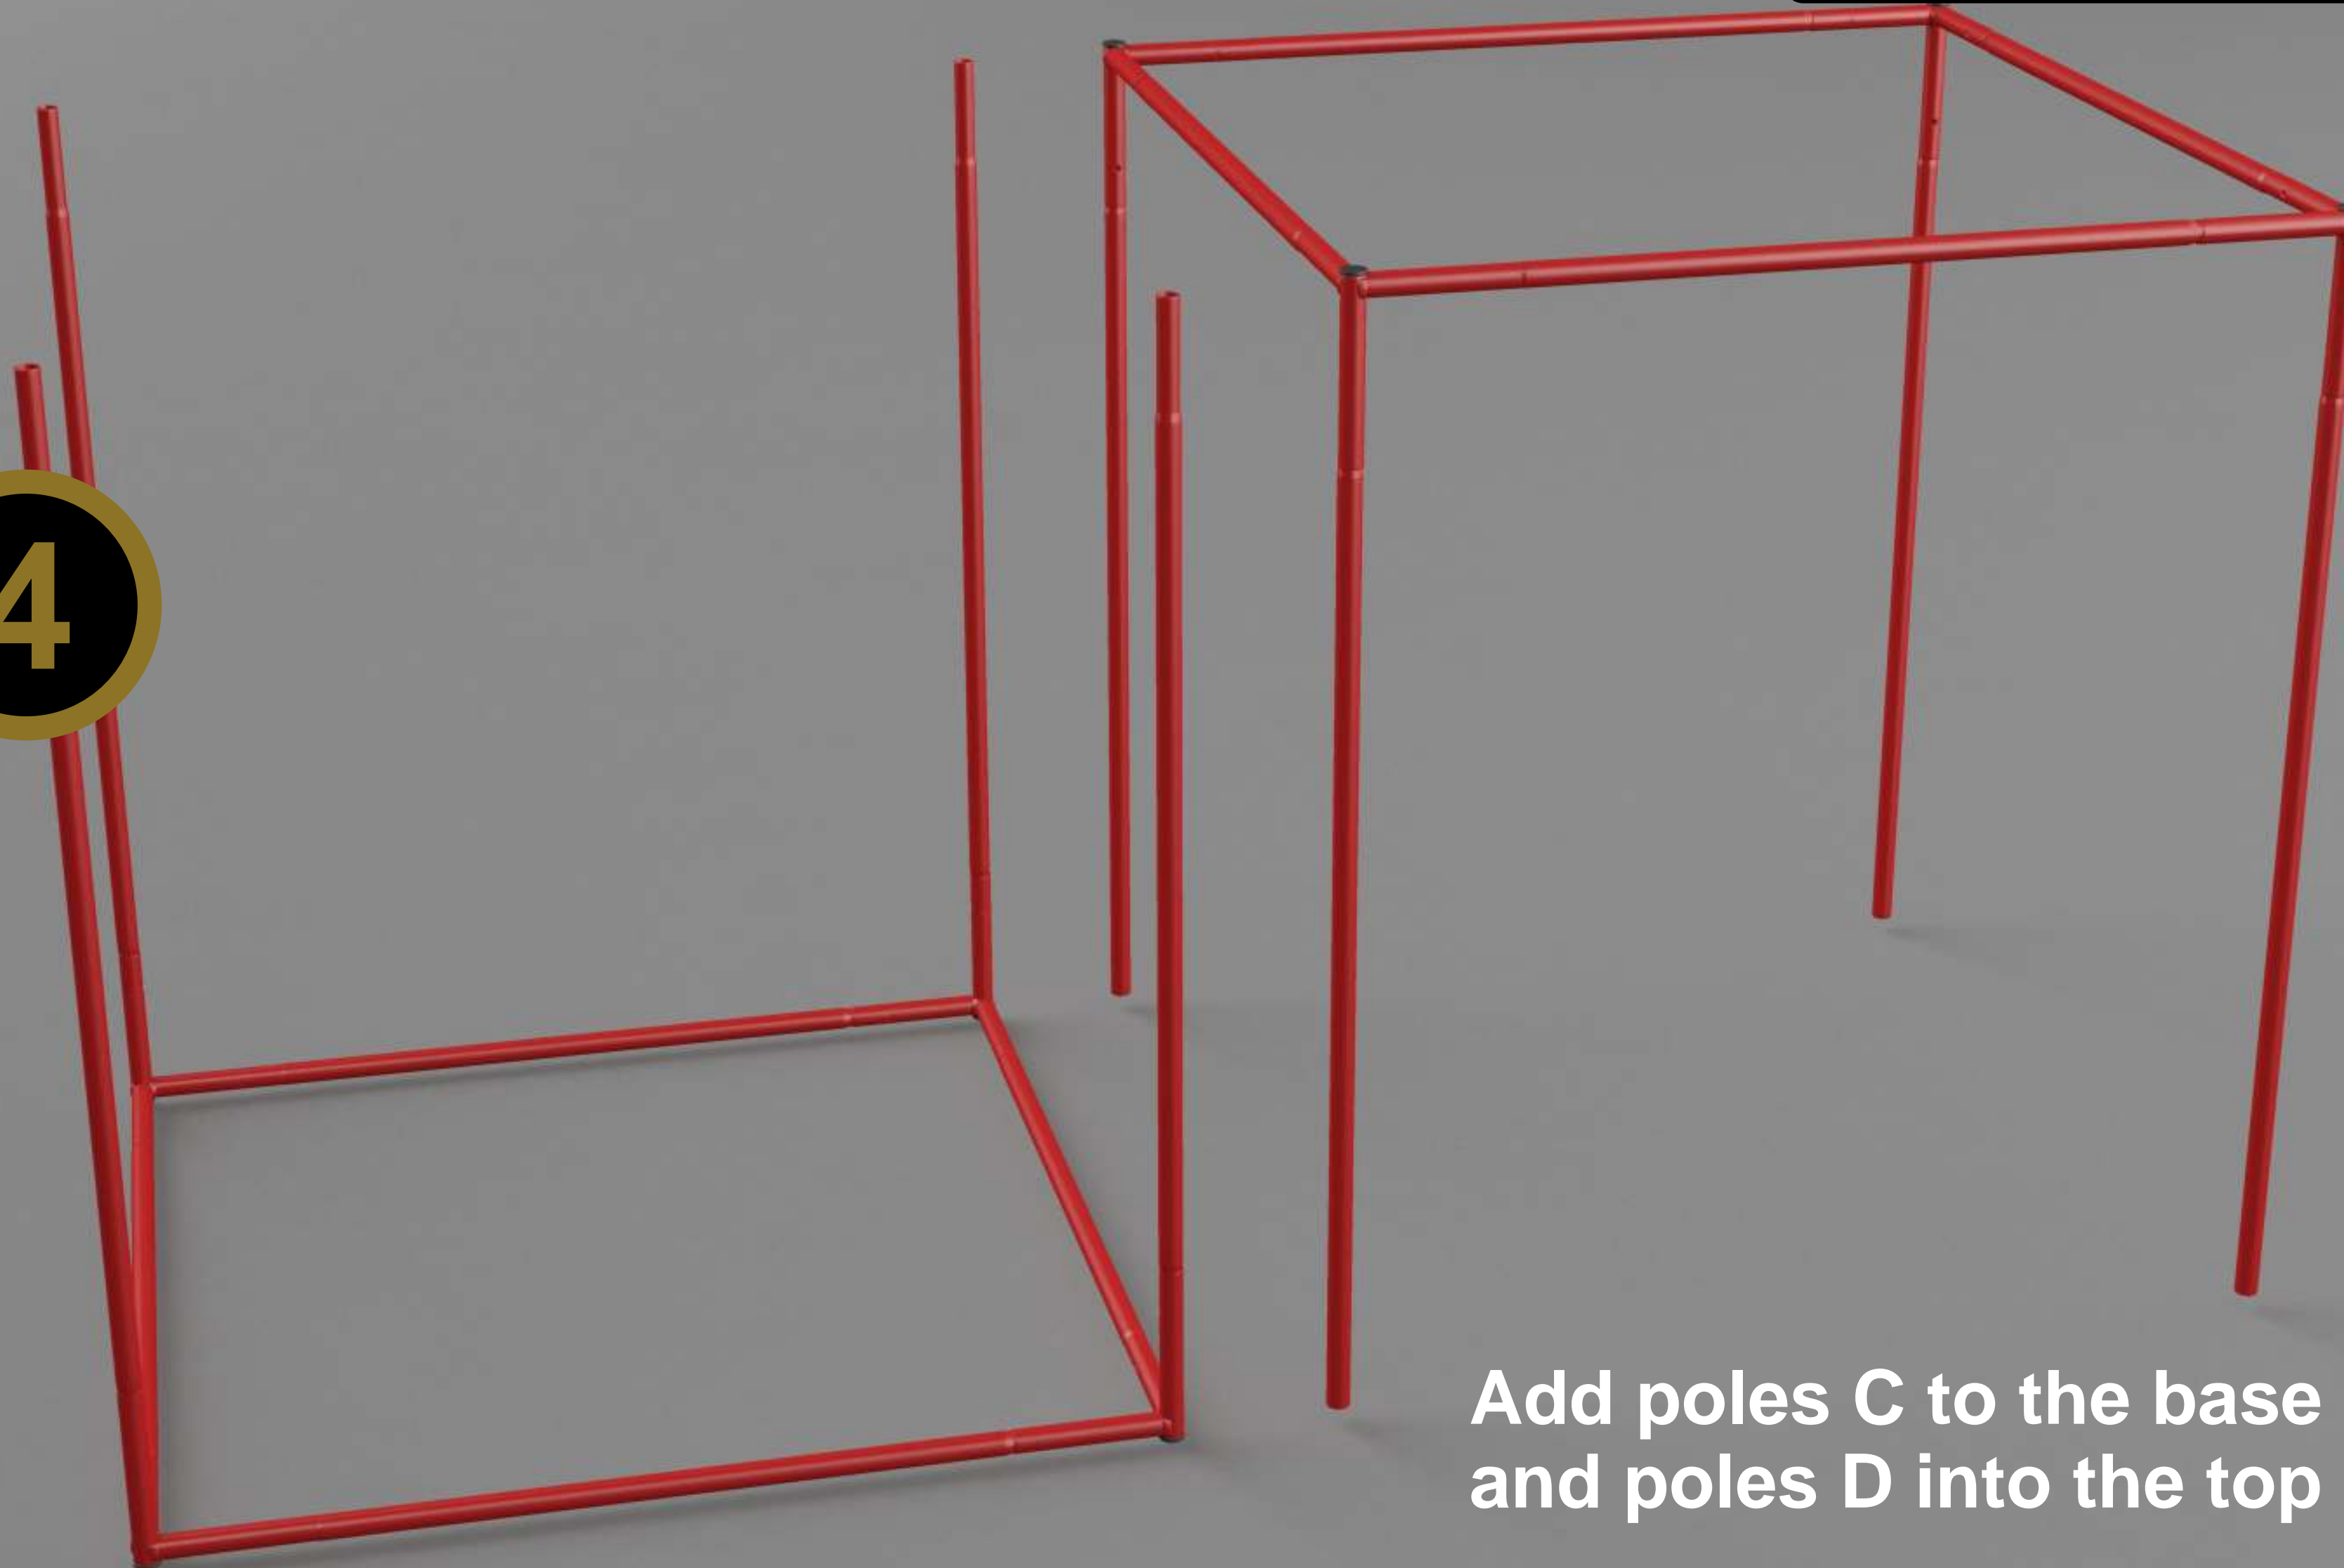

Once the base section is complete, repeat the process with the remaining corners and A and B poles to construct the top of the frame.

**hydro-box™**  
**Tent Assembly Instructions**

**STEP**

**4**

**Add poles C to the base section  
and poles D into the top section.**

'D' Pole

STEP

5

'C' Pole

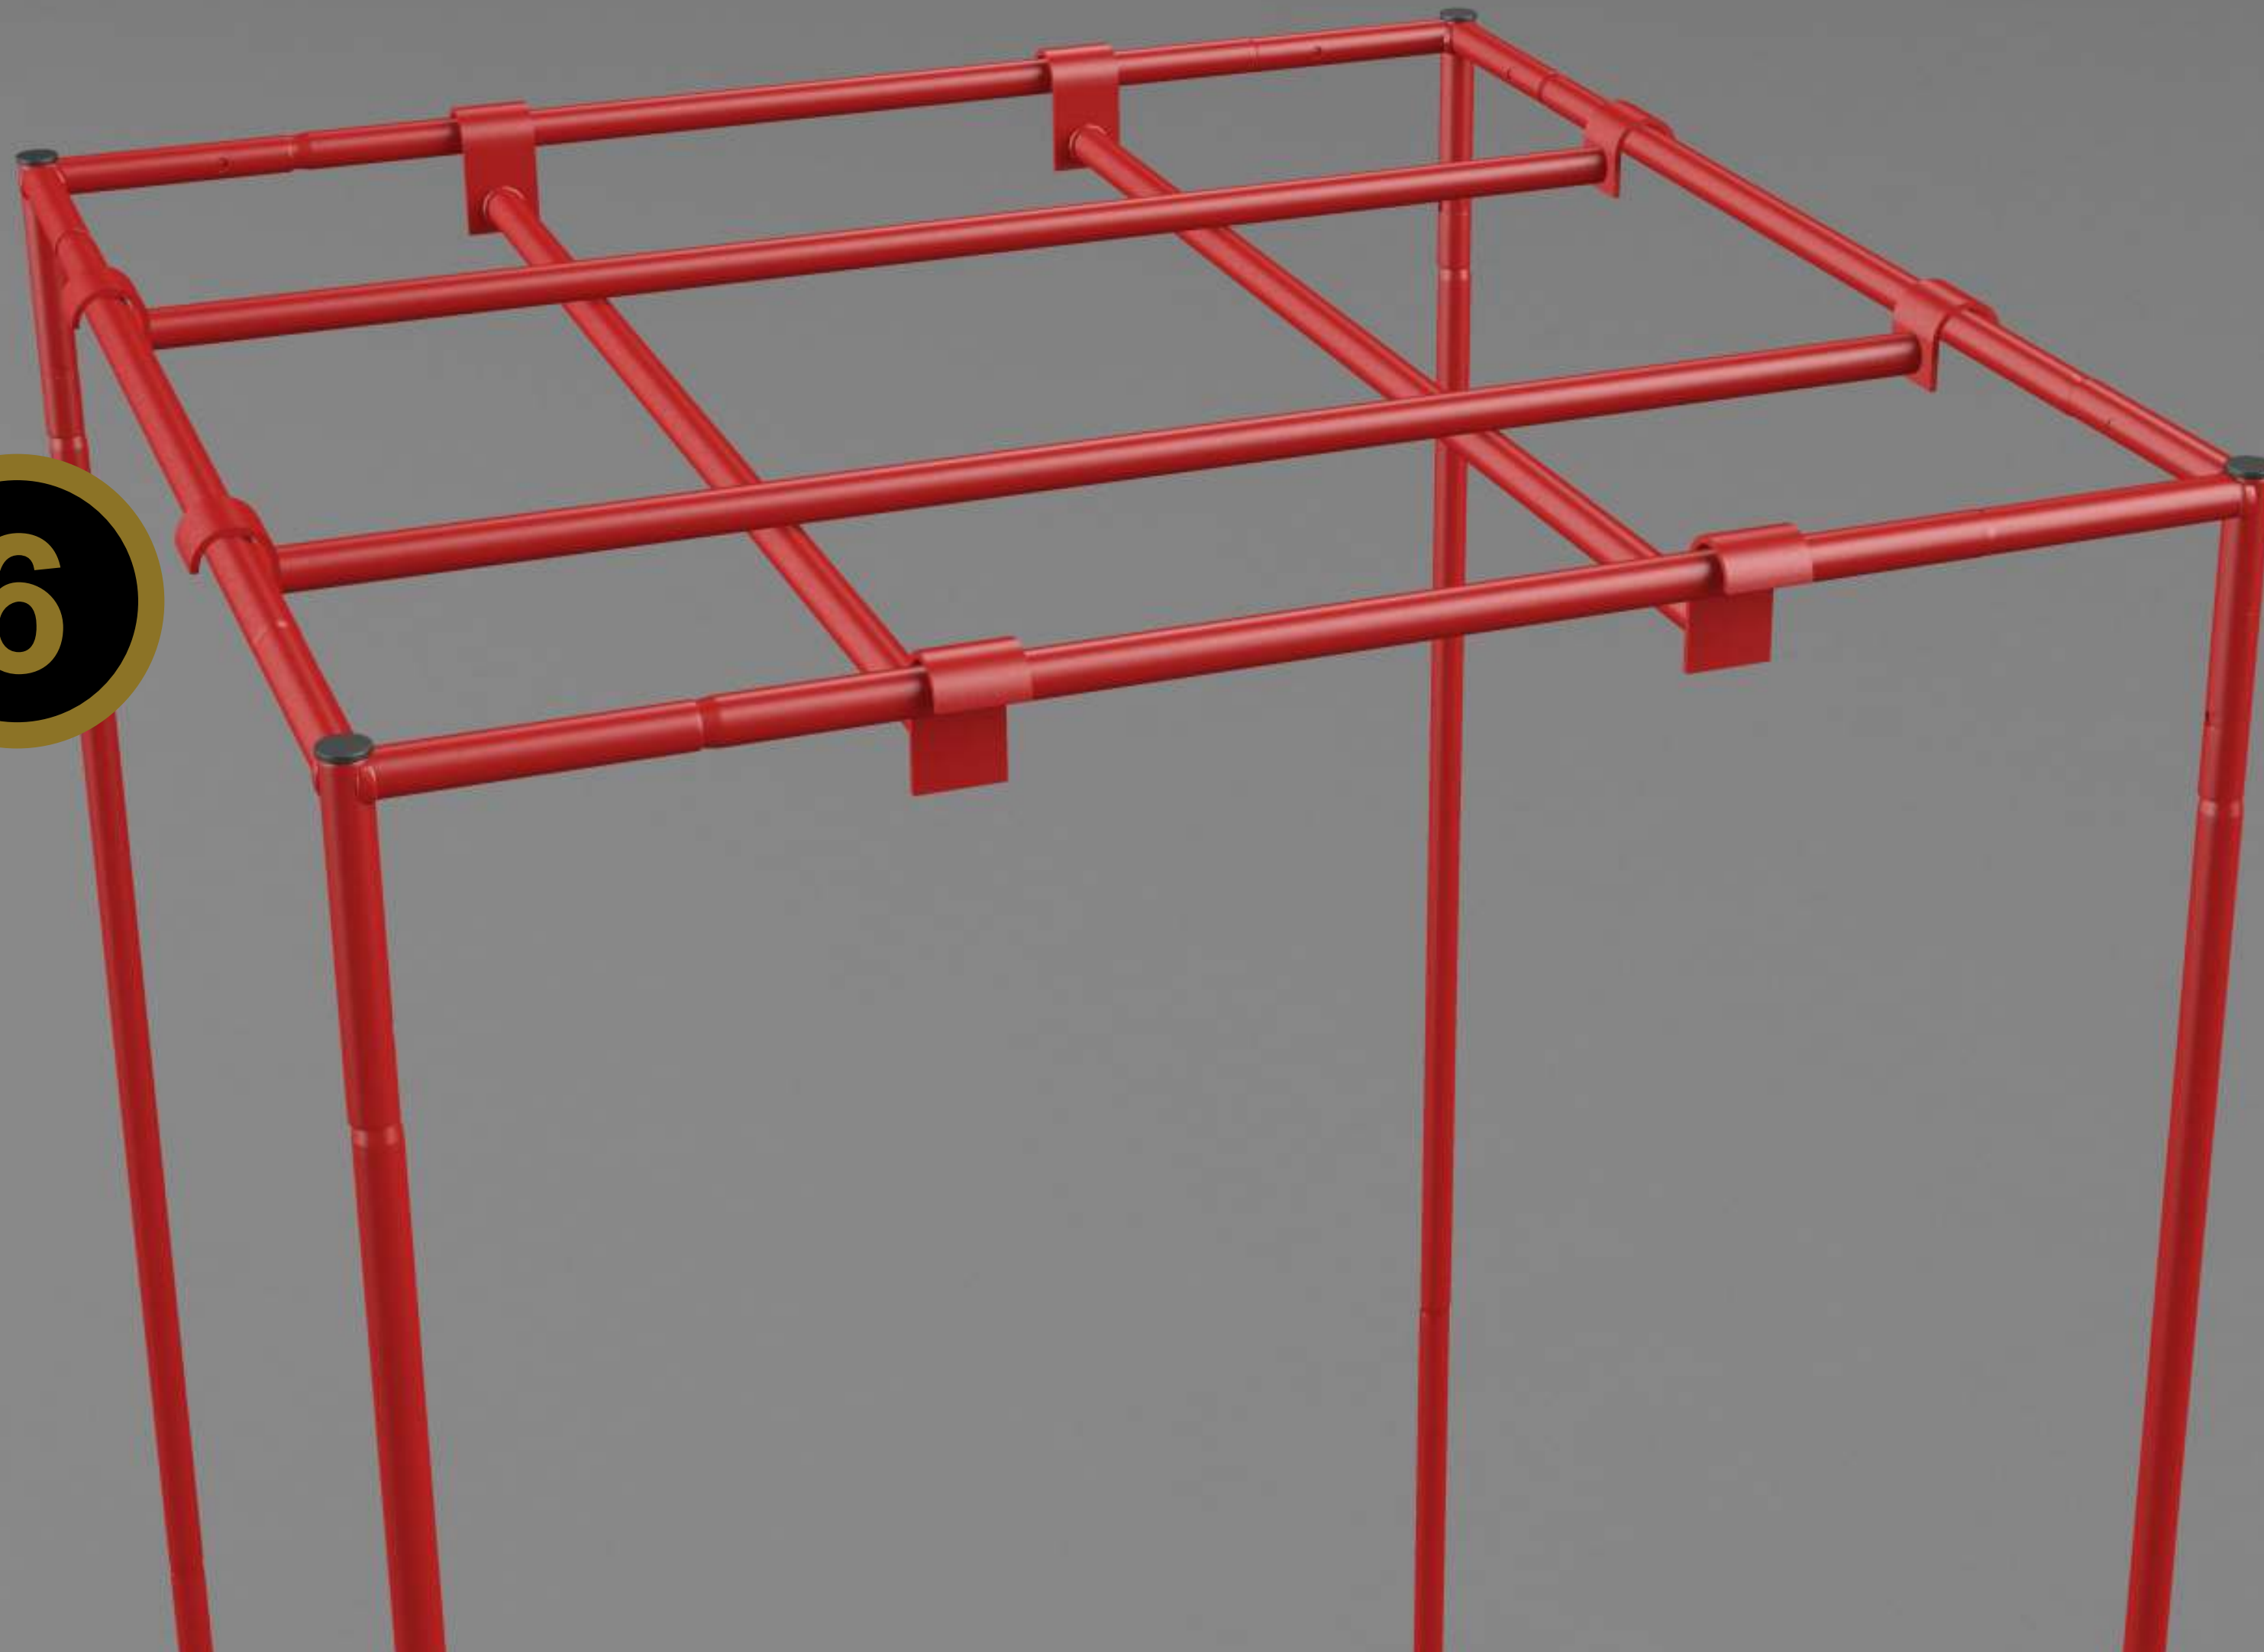

Join together the base of the frame with the top of the frame.

Add poles E and F to the top of the frame.

**STEP**

**6**

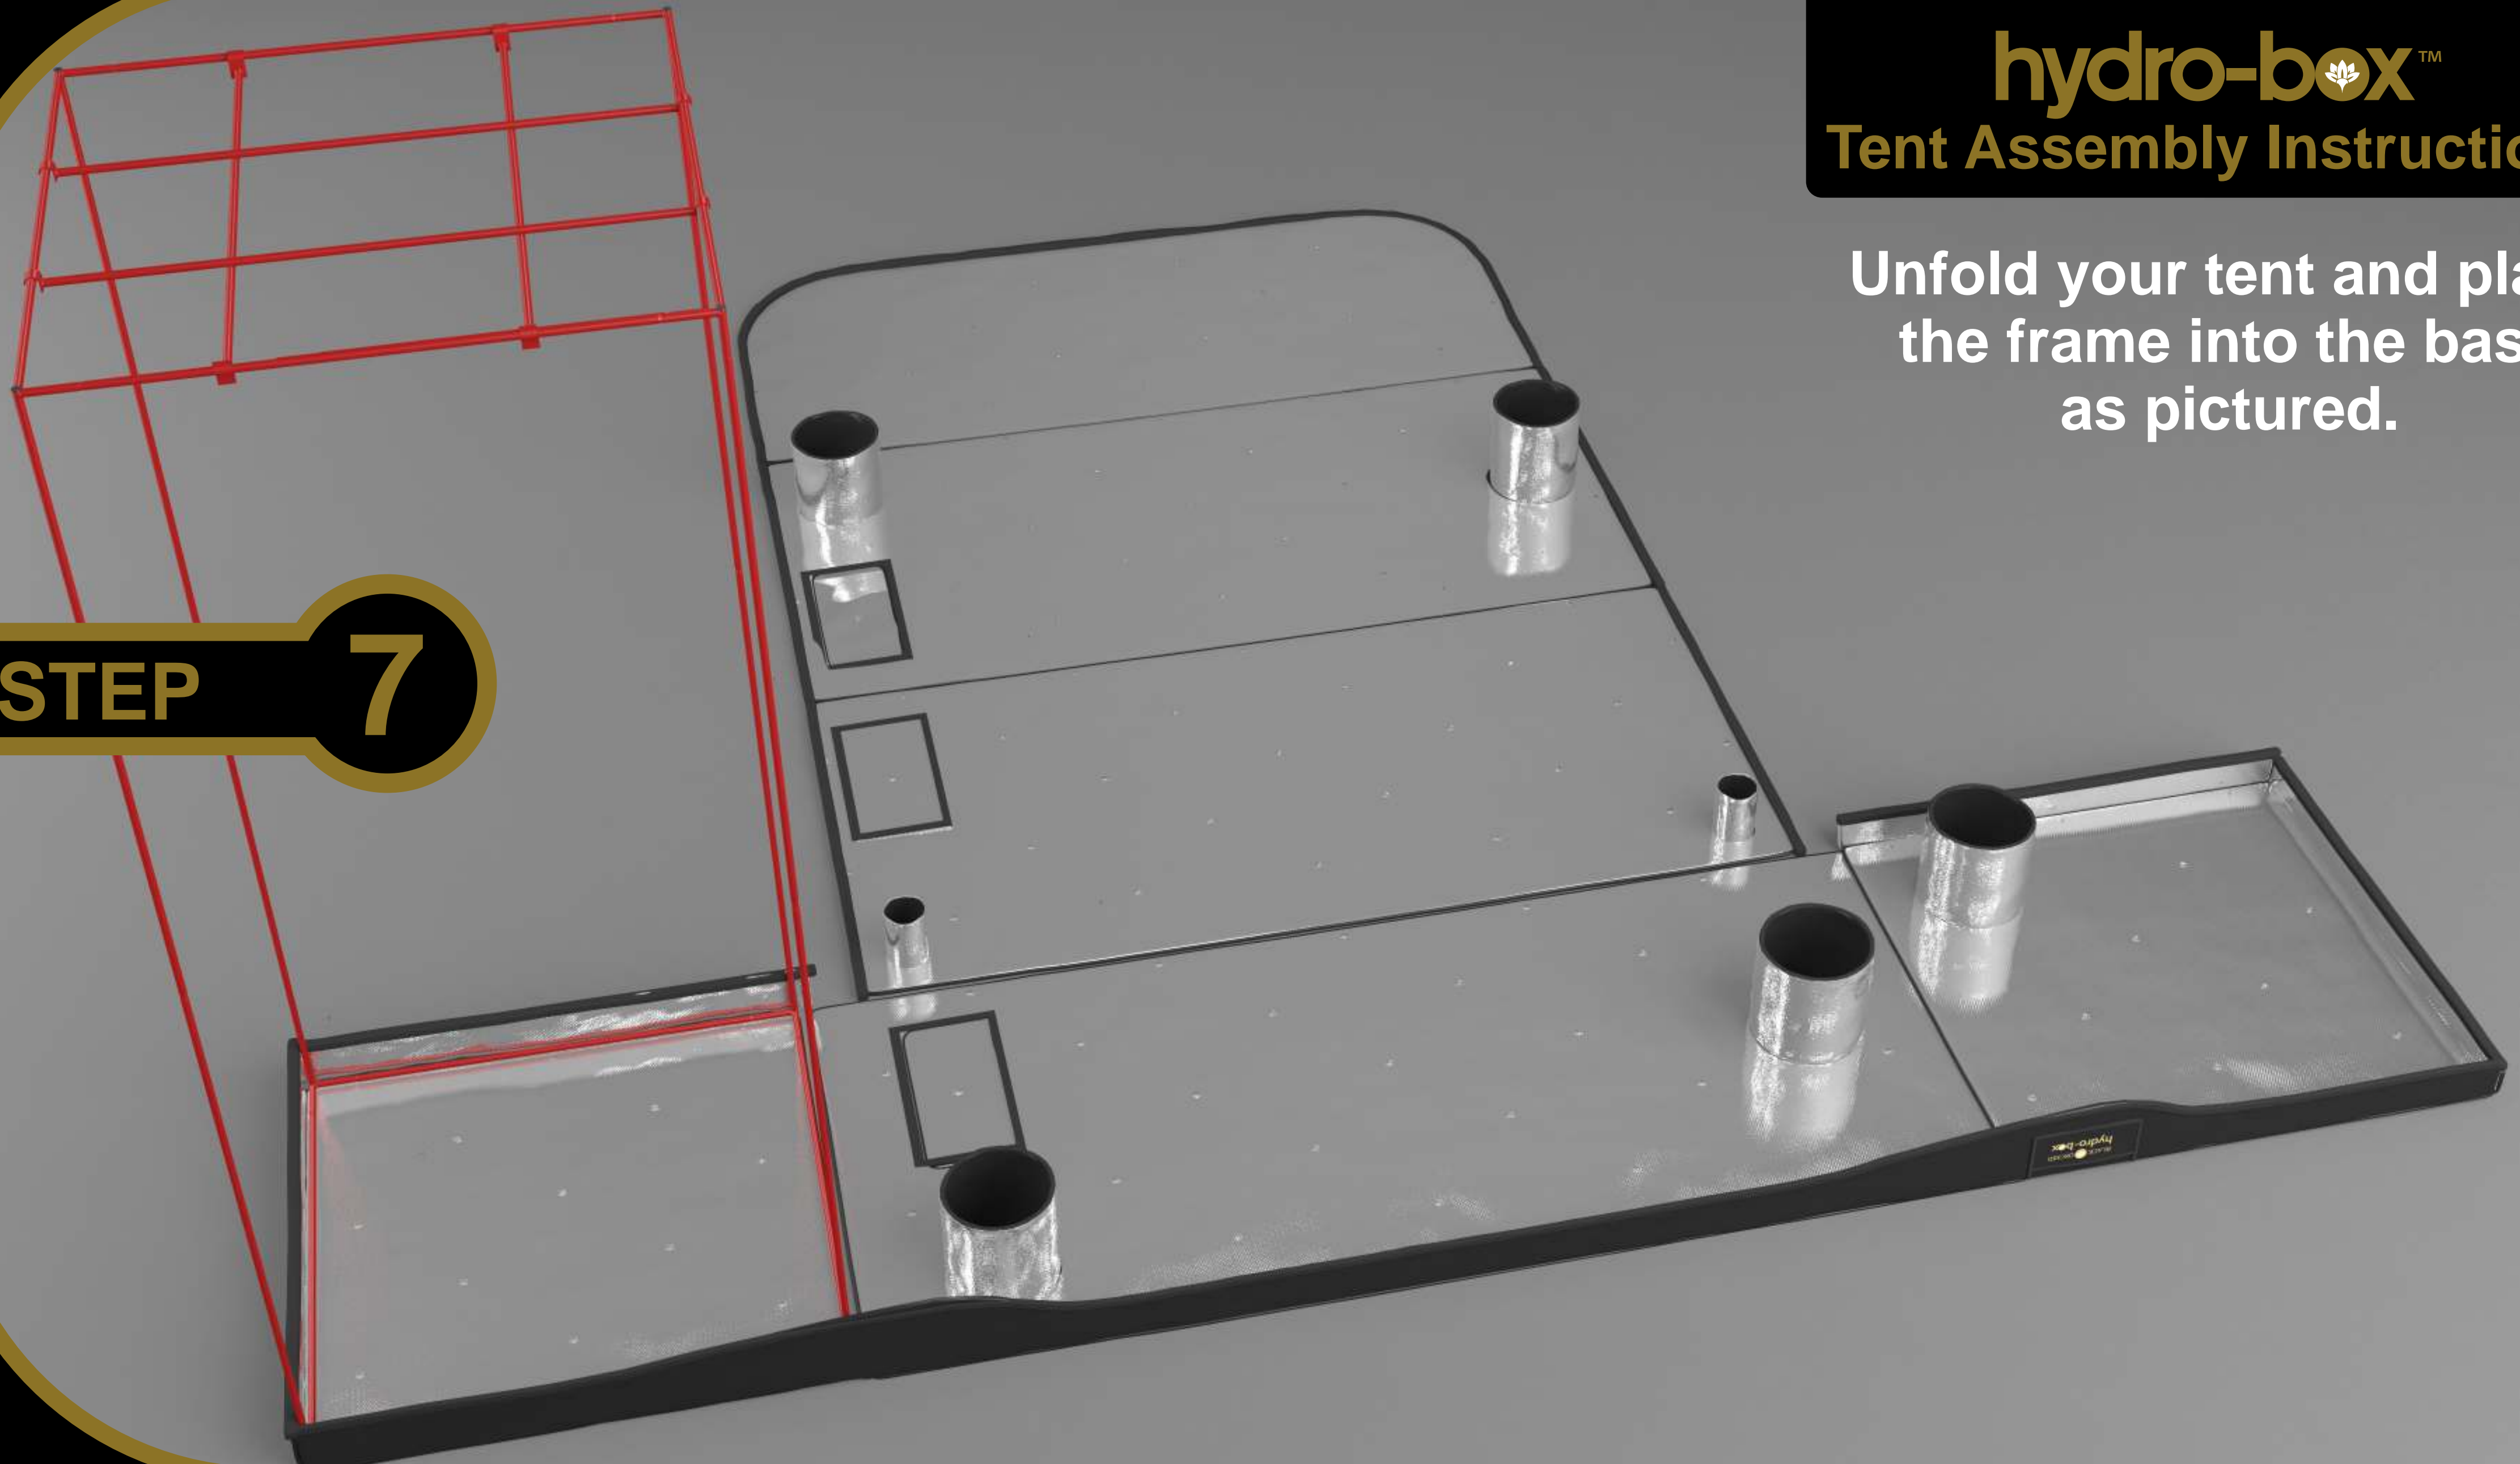

**hydro-box™**  
**Tent Assembly Instructions**

Unfold your tent and place  
the frame into the base  
as pictured.

**STEP**

**7**

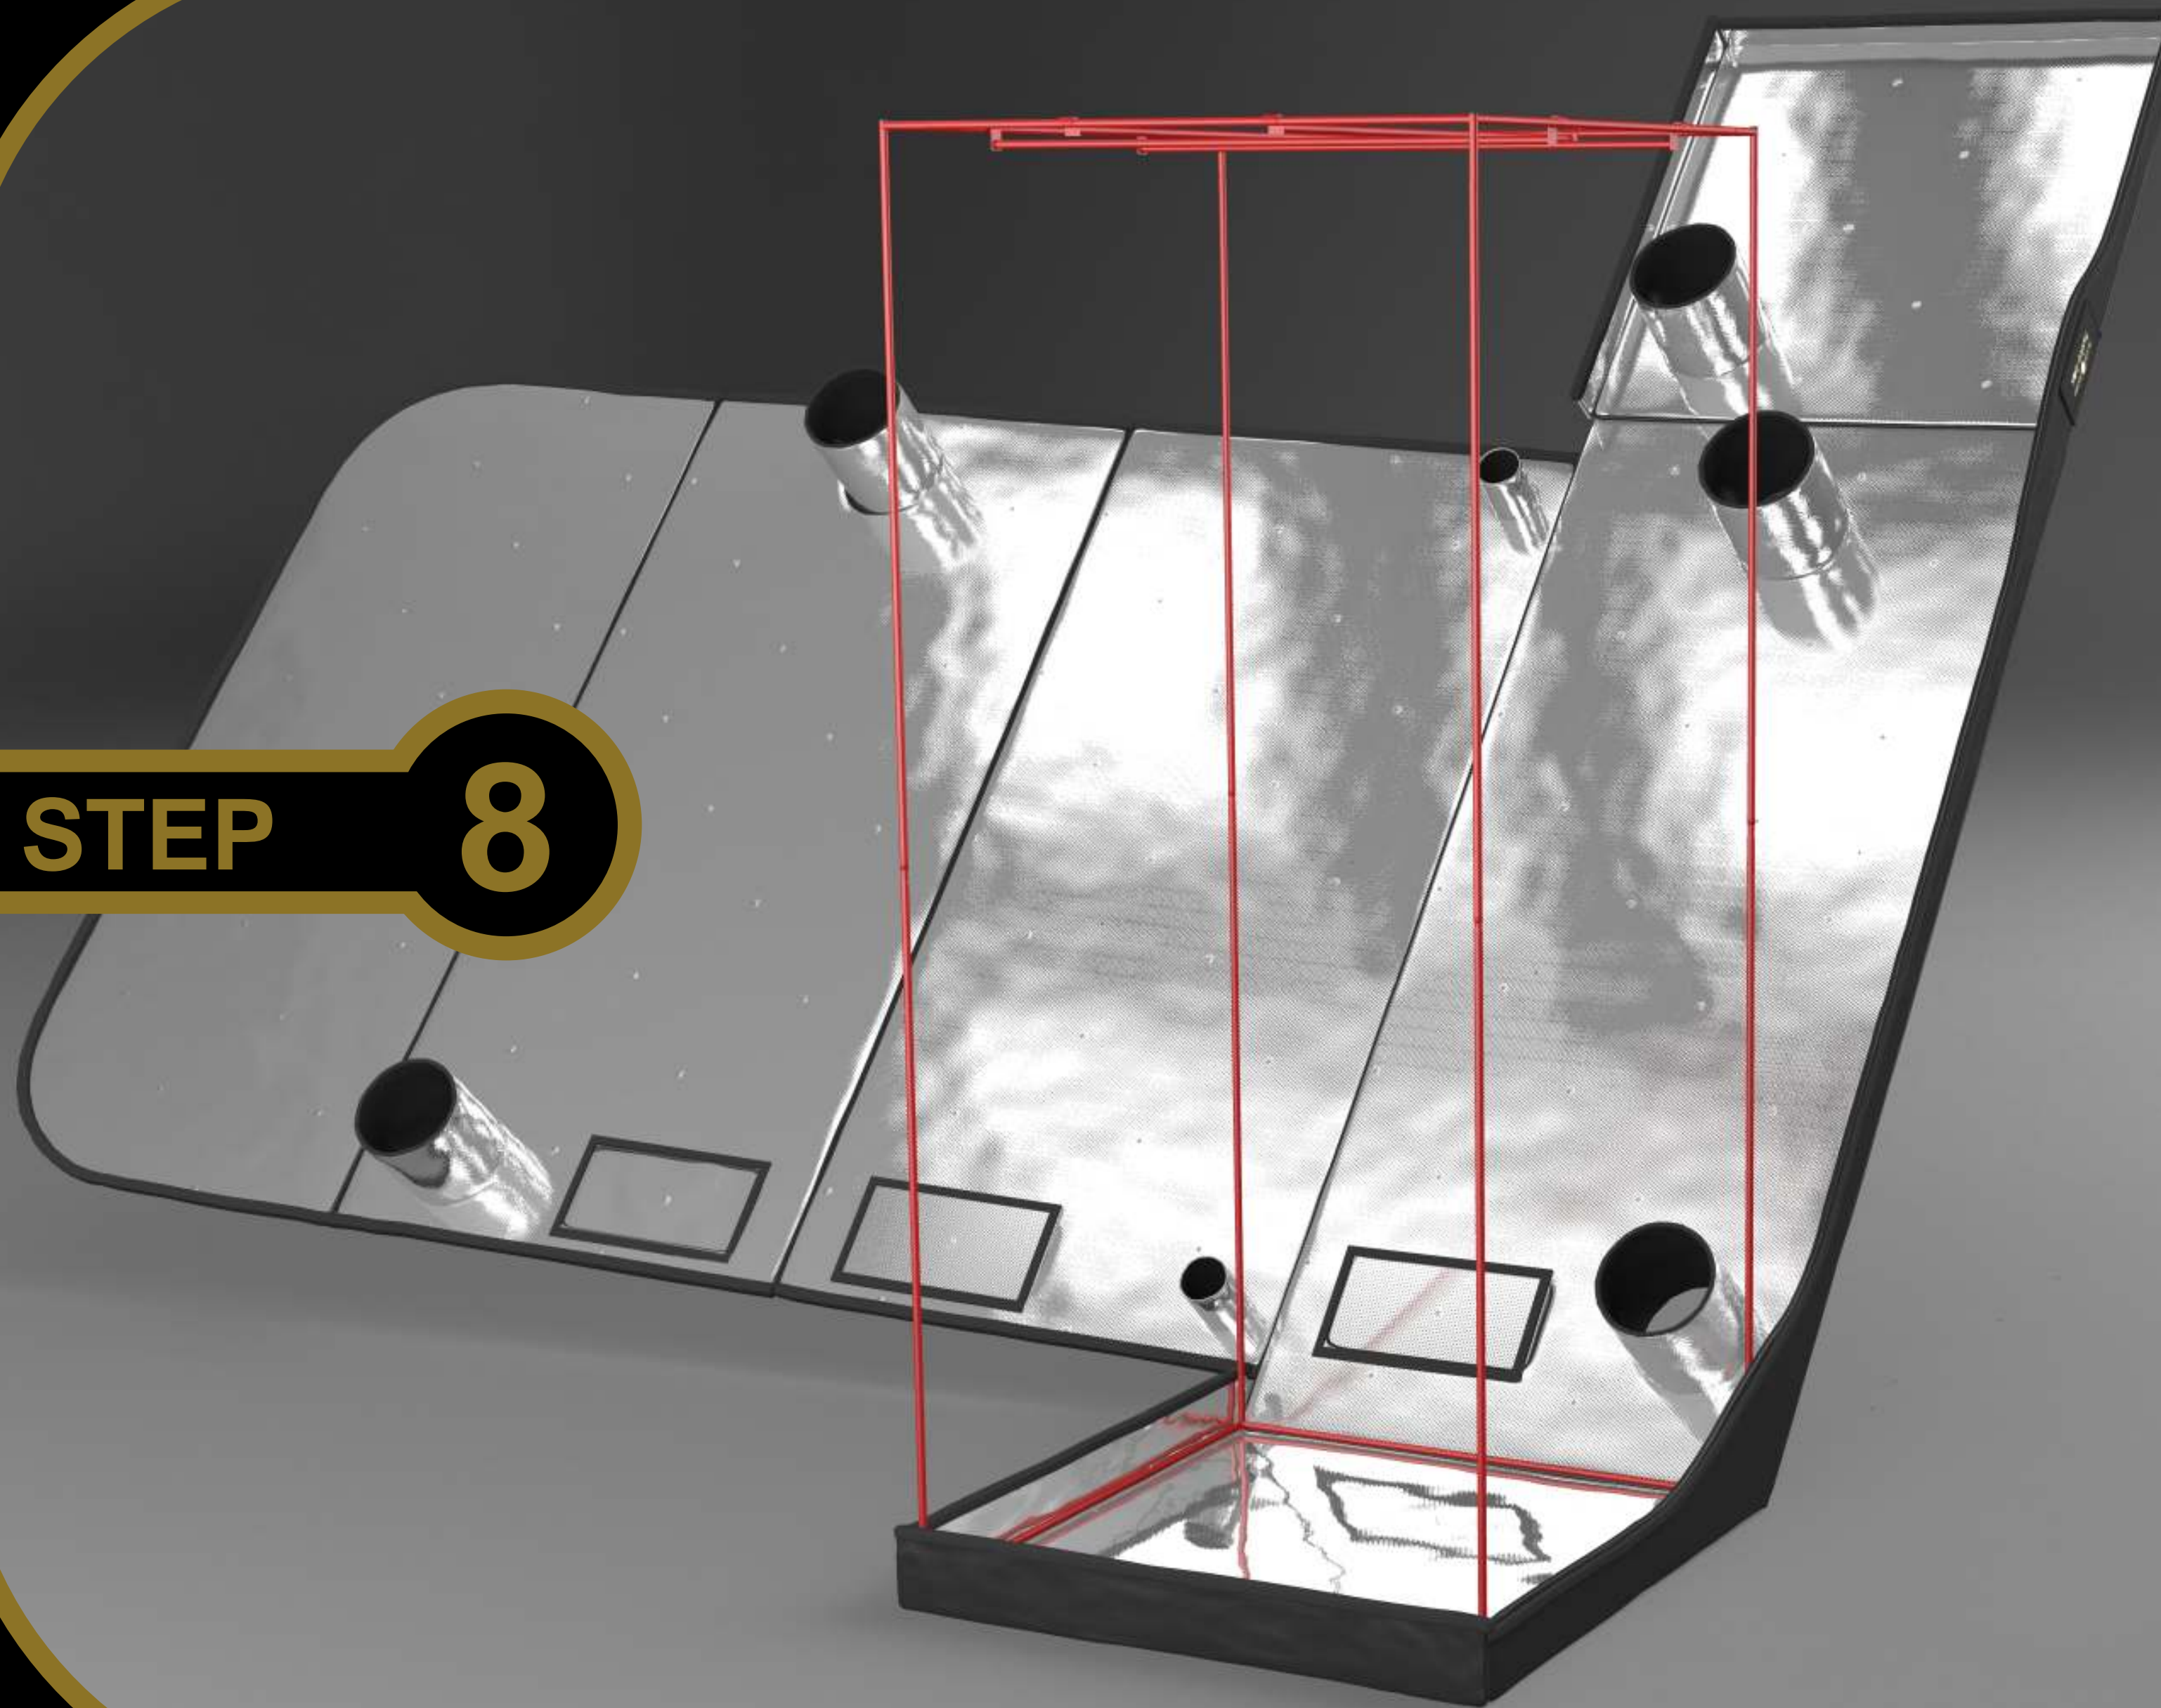

**hydro-box™**  
**Tent Assembly Instructions**

**Make sure the bottom of the tent is fitted firmly around the frame before lifting the top of the tent on to the frame.**

**STEP**

**8**

Lift the top of the tent fabric and carefully fit it around the top of the frame.

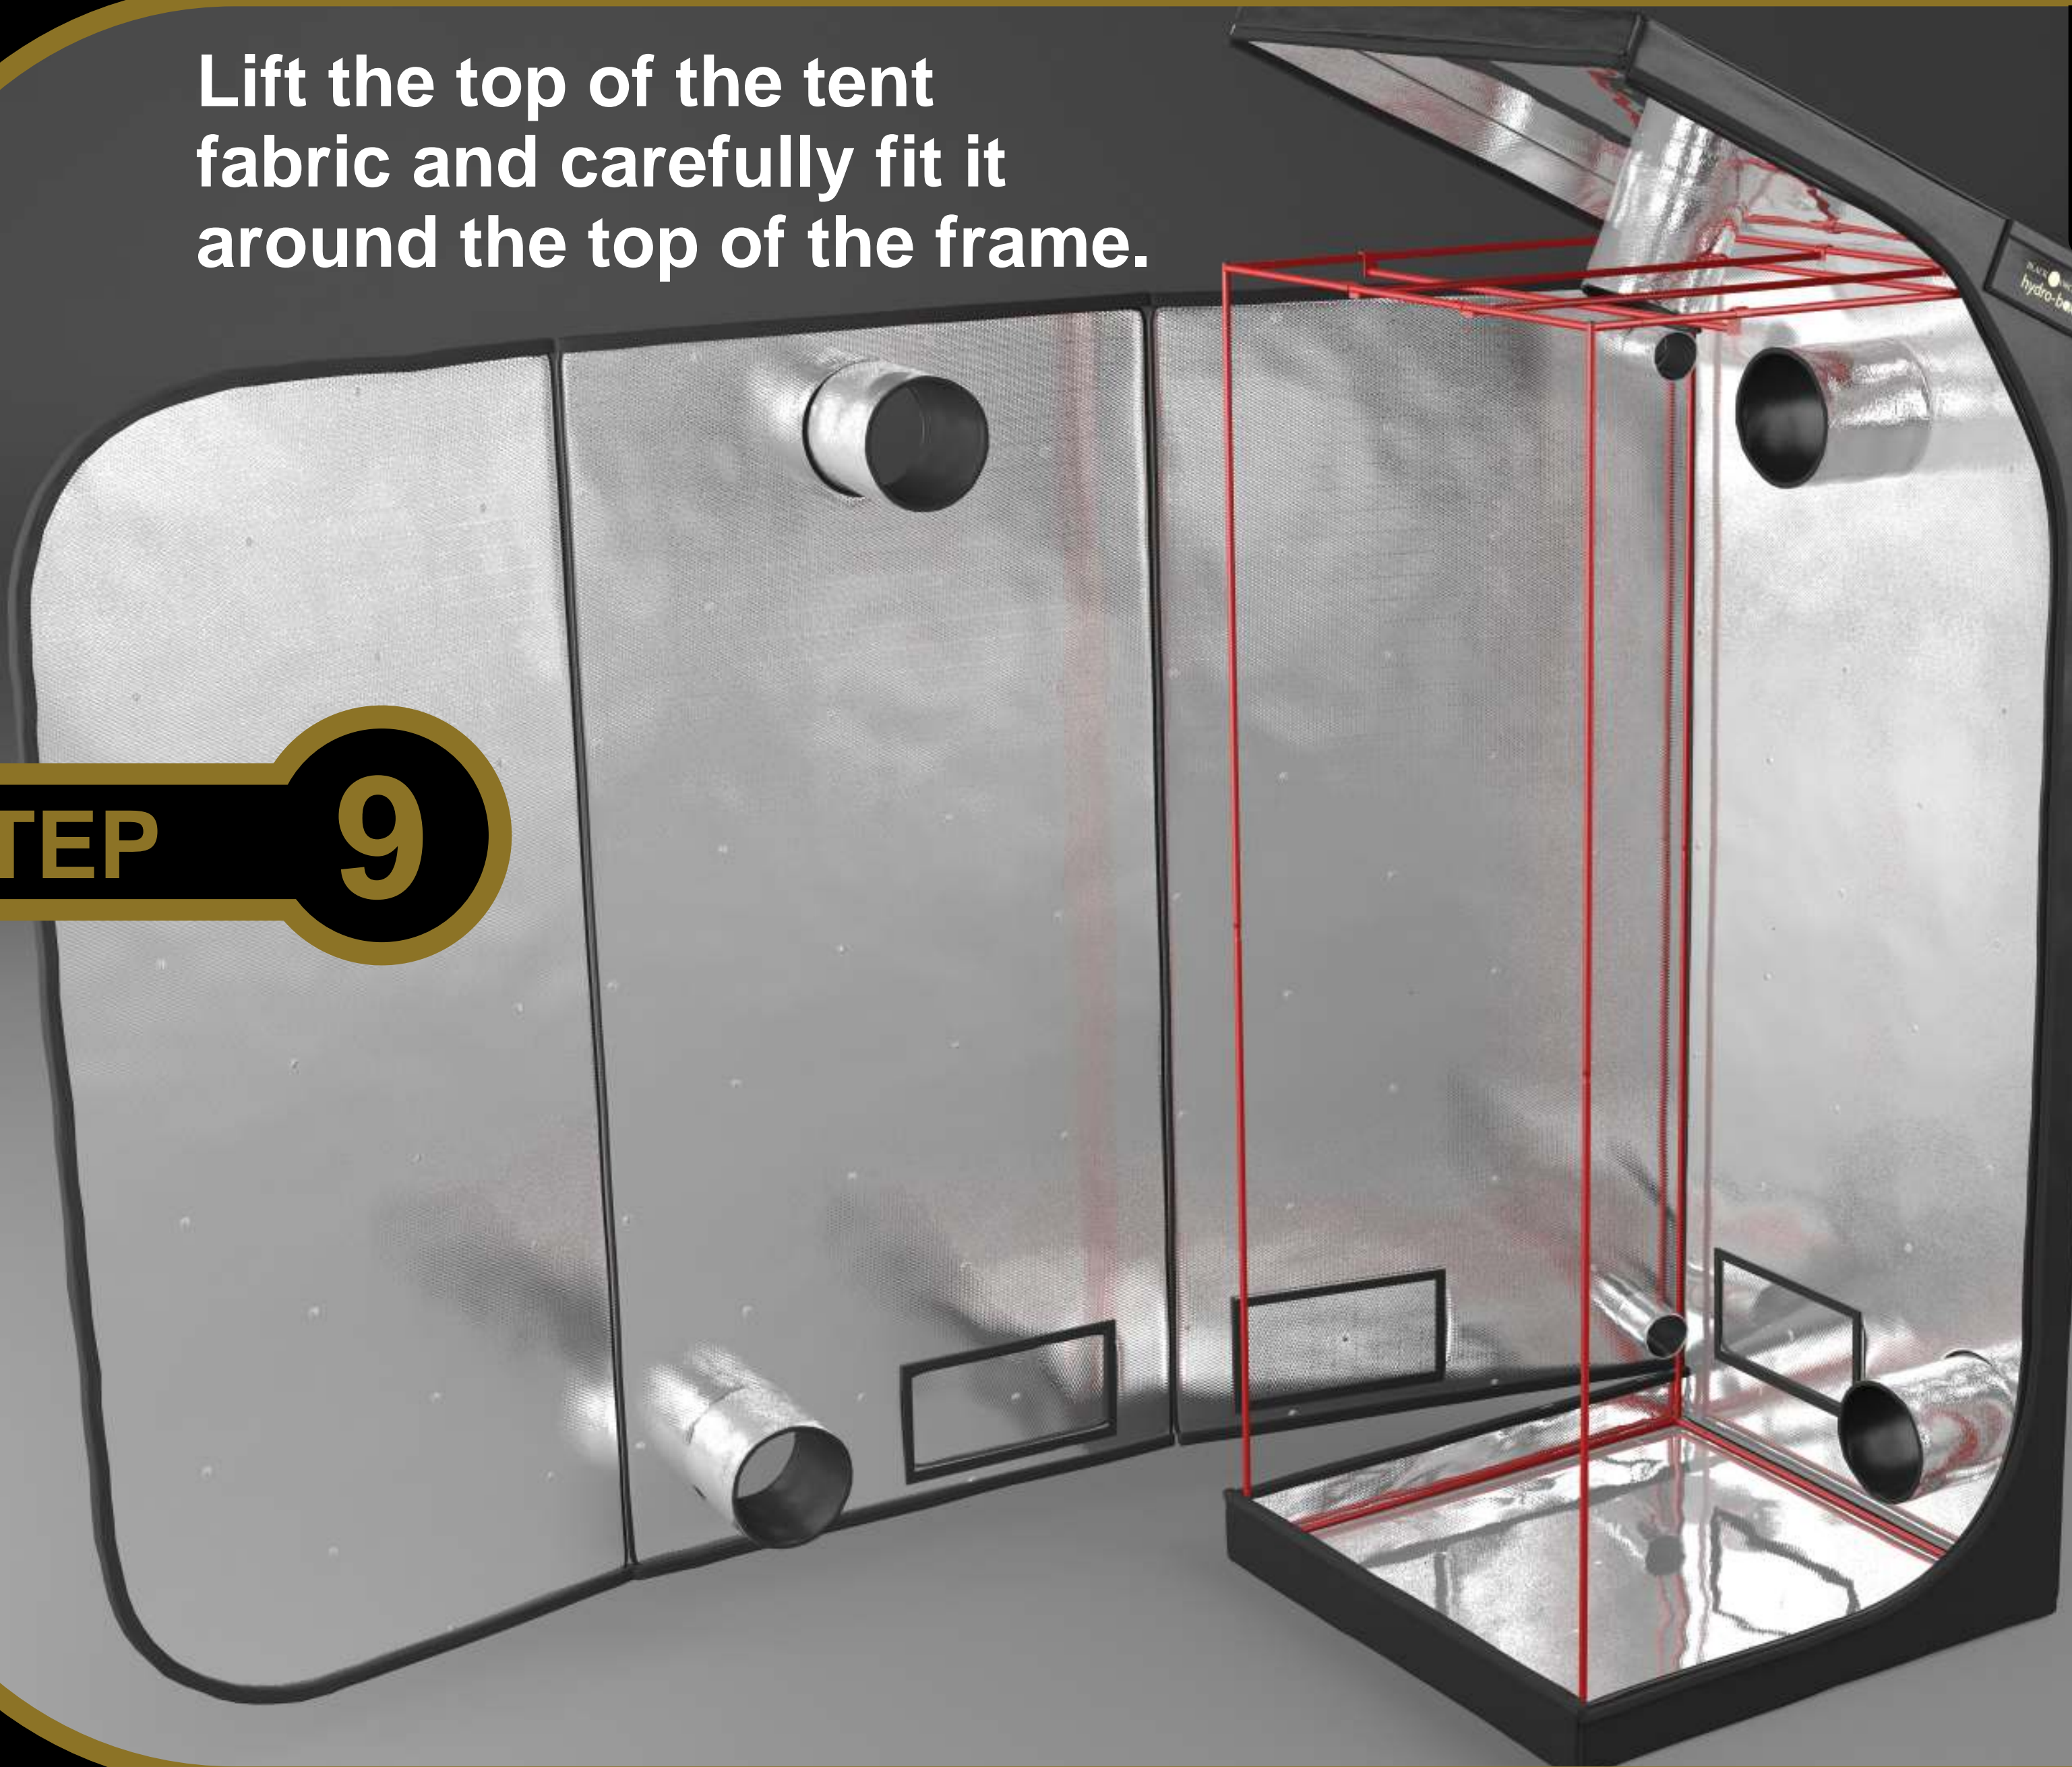

STEP

9
