Tent fabric.
Splash tray.
Frame corners (including 1 spare):

Please follow the instructions carefully

hydro-box™
Tent Assembly Instructions

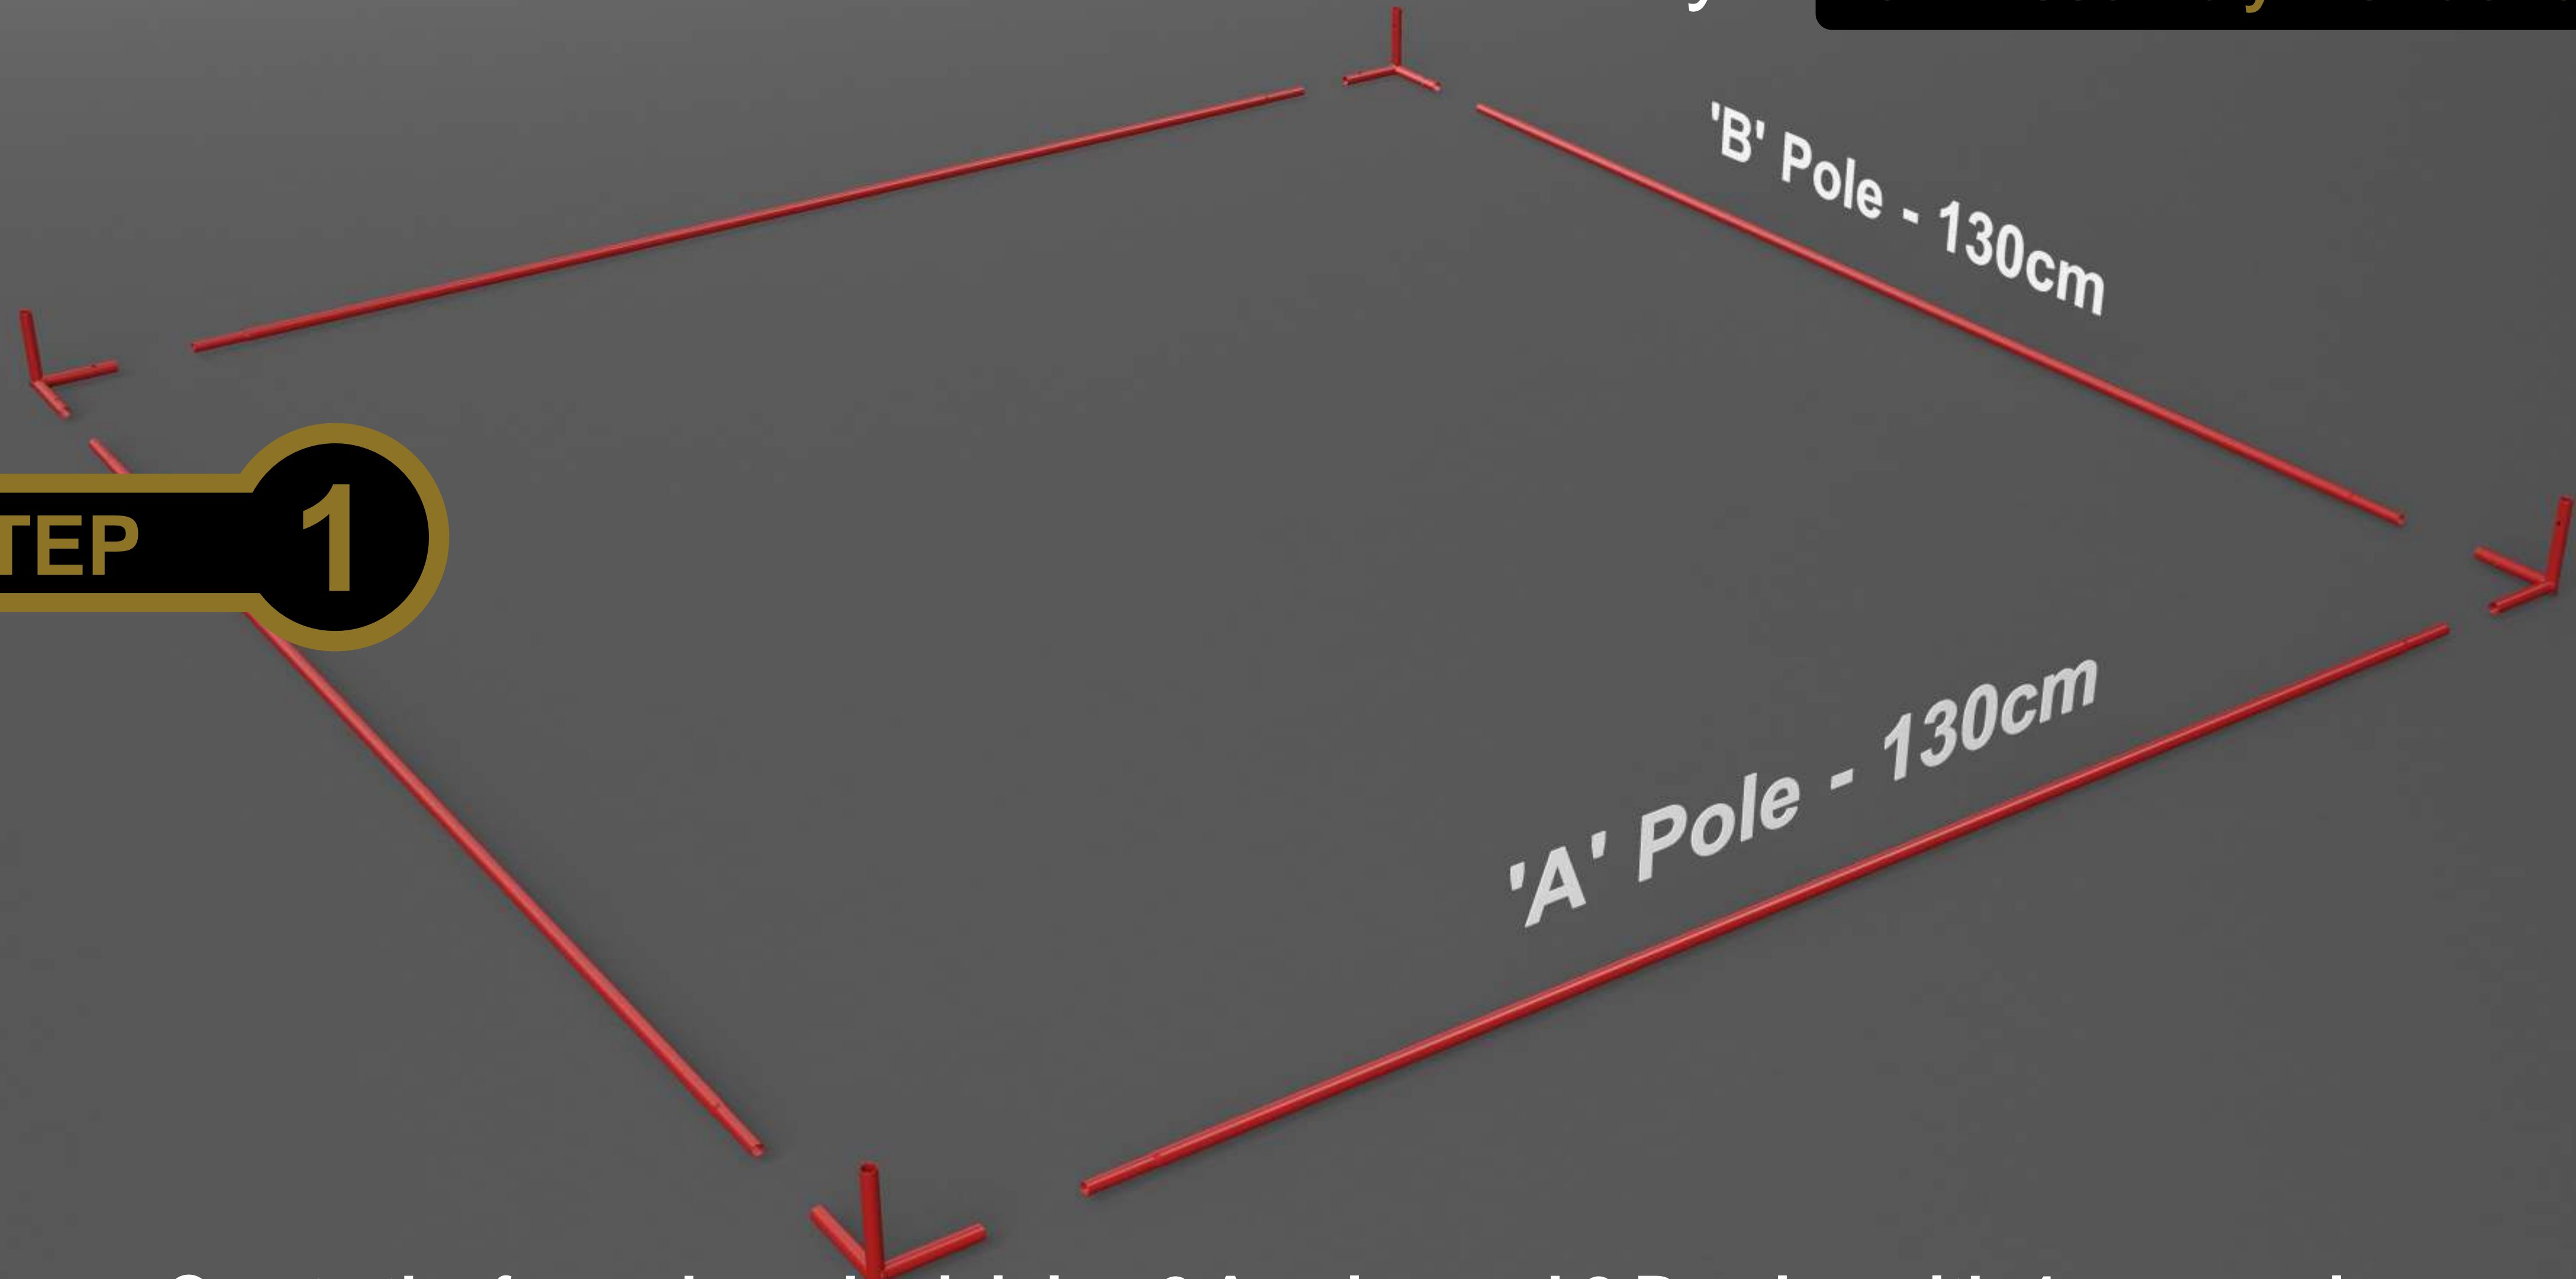

STEP

1

'A' Pole - 130cm

'B' Pole - 130cm

Create the frame base by joining 2 A poles and 2 B poles with 4 corner pieces.

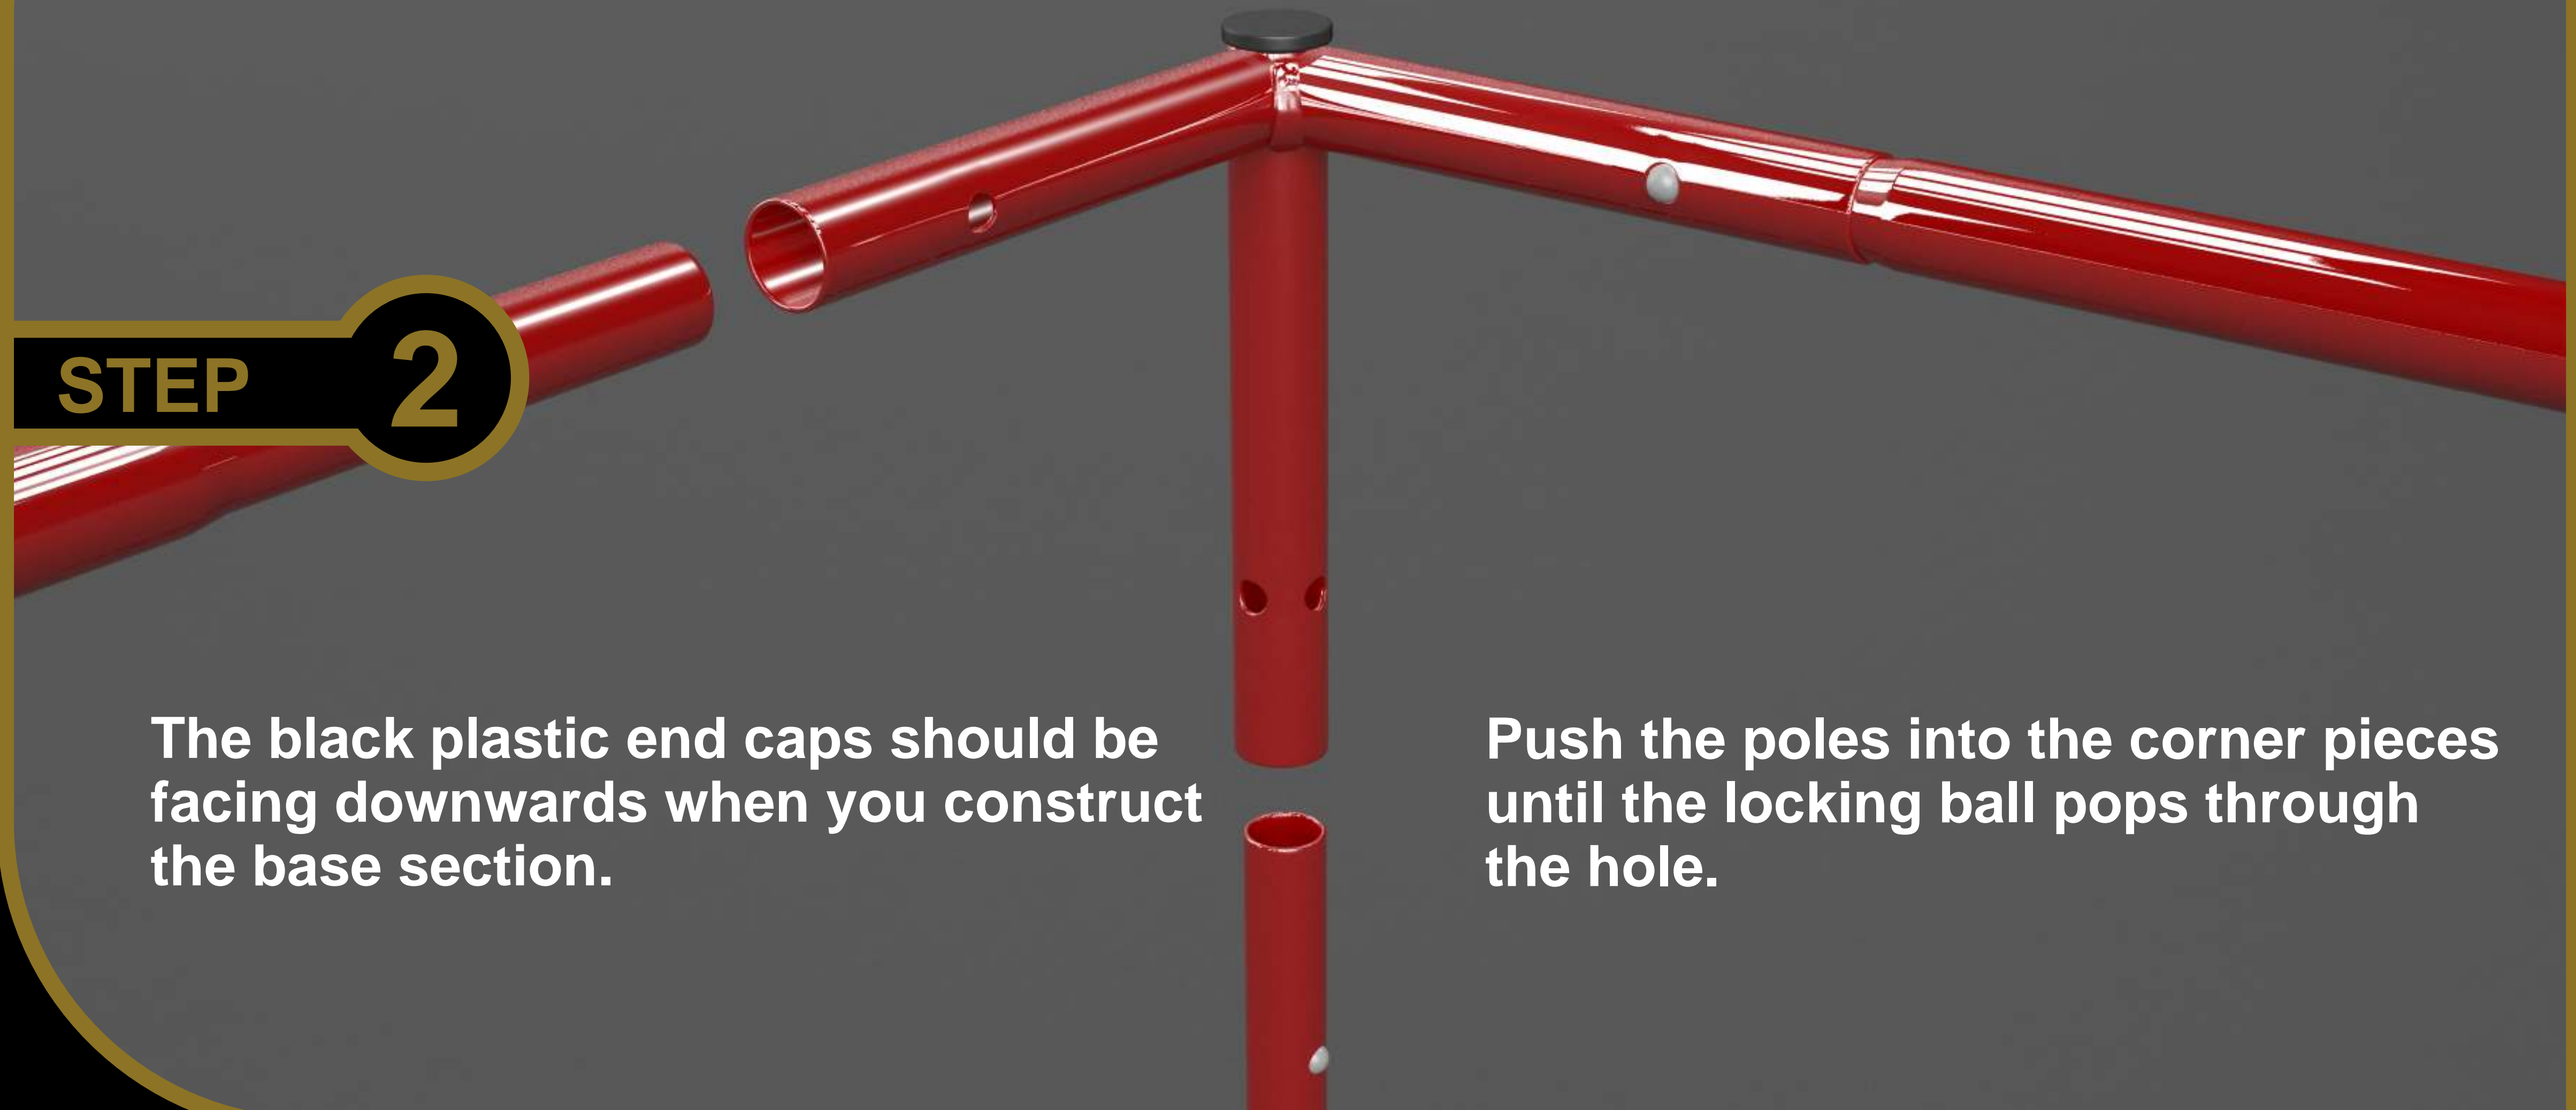

Please note the black plastic end caps should be facing upwards when you construct the top of the frame.

STEP

2

The black plastic end caps should be facing downwards when you construct the base section.

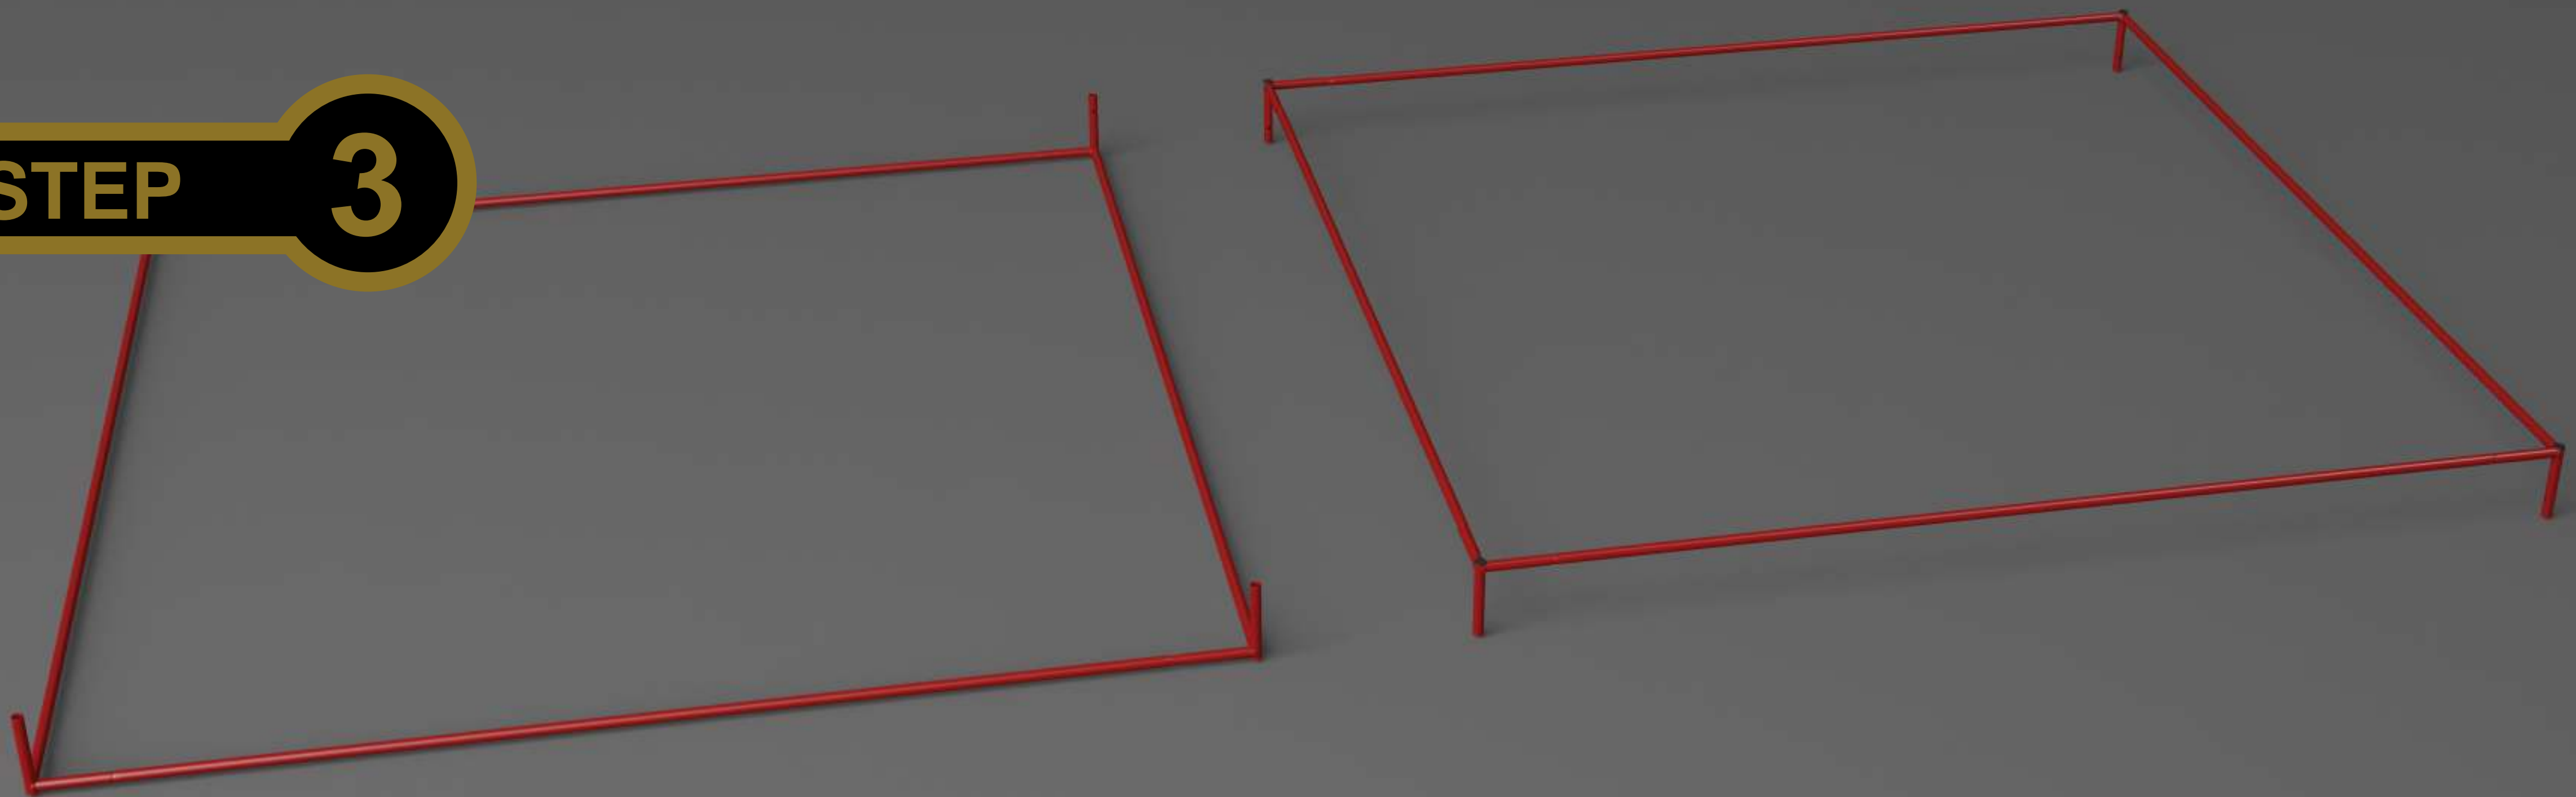

Push the poles into the corner pieces until the locking ball pops through the hole.

Create the base and the top of the tent frame.

STEP

3

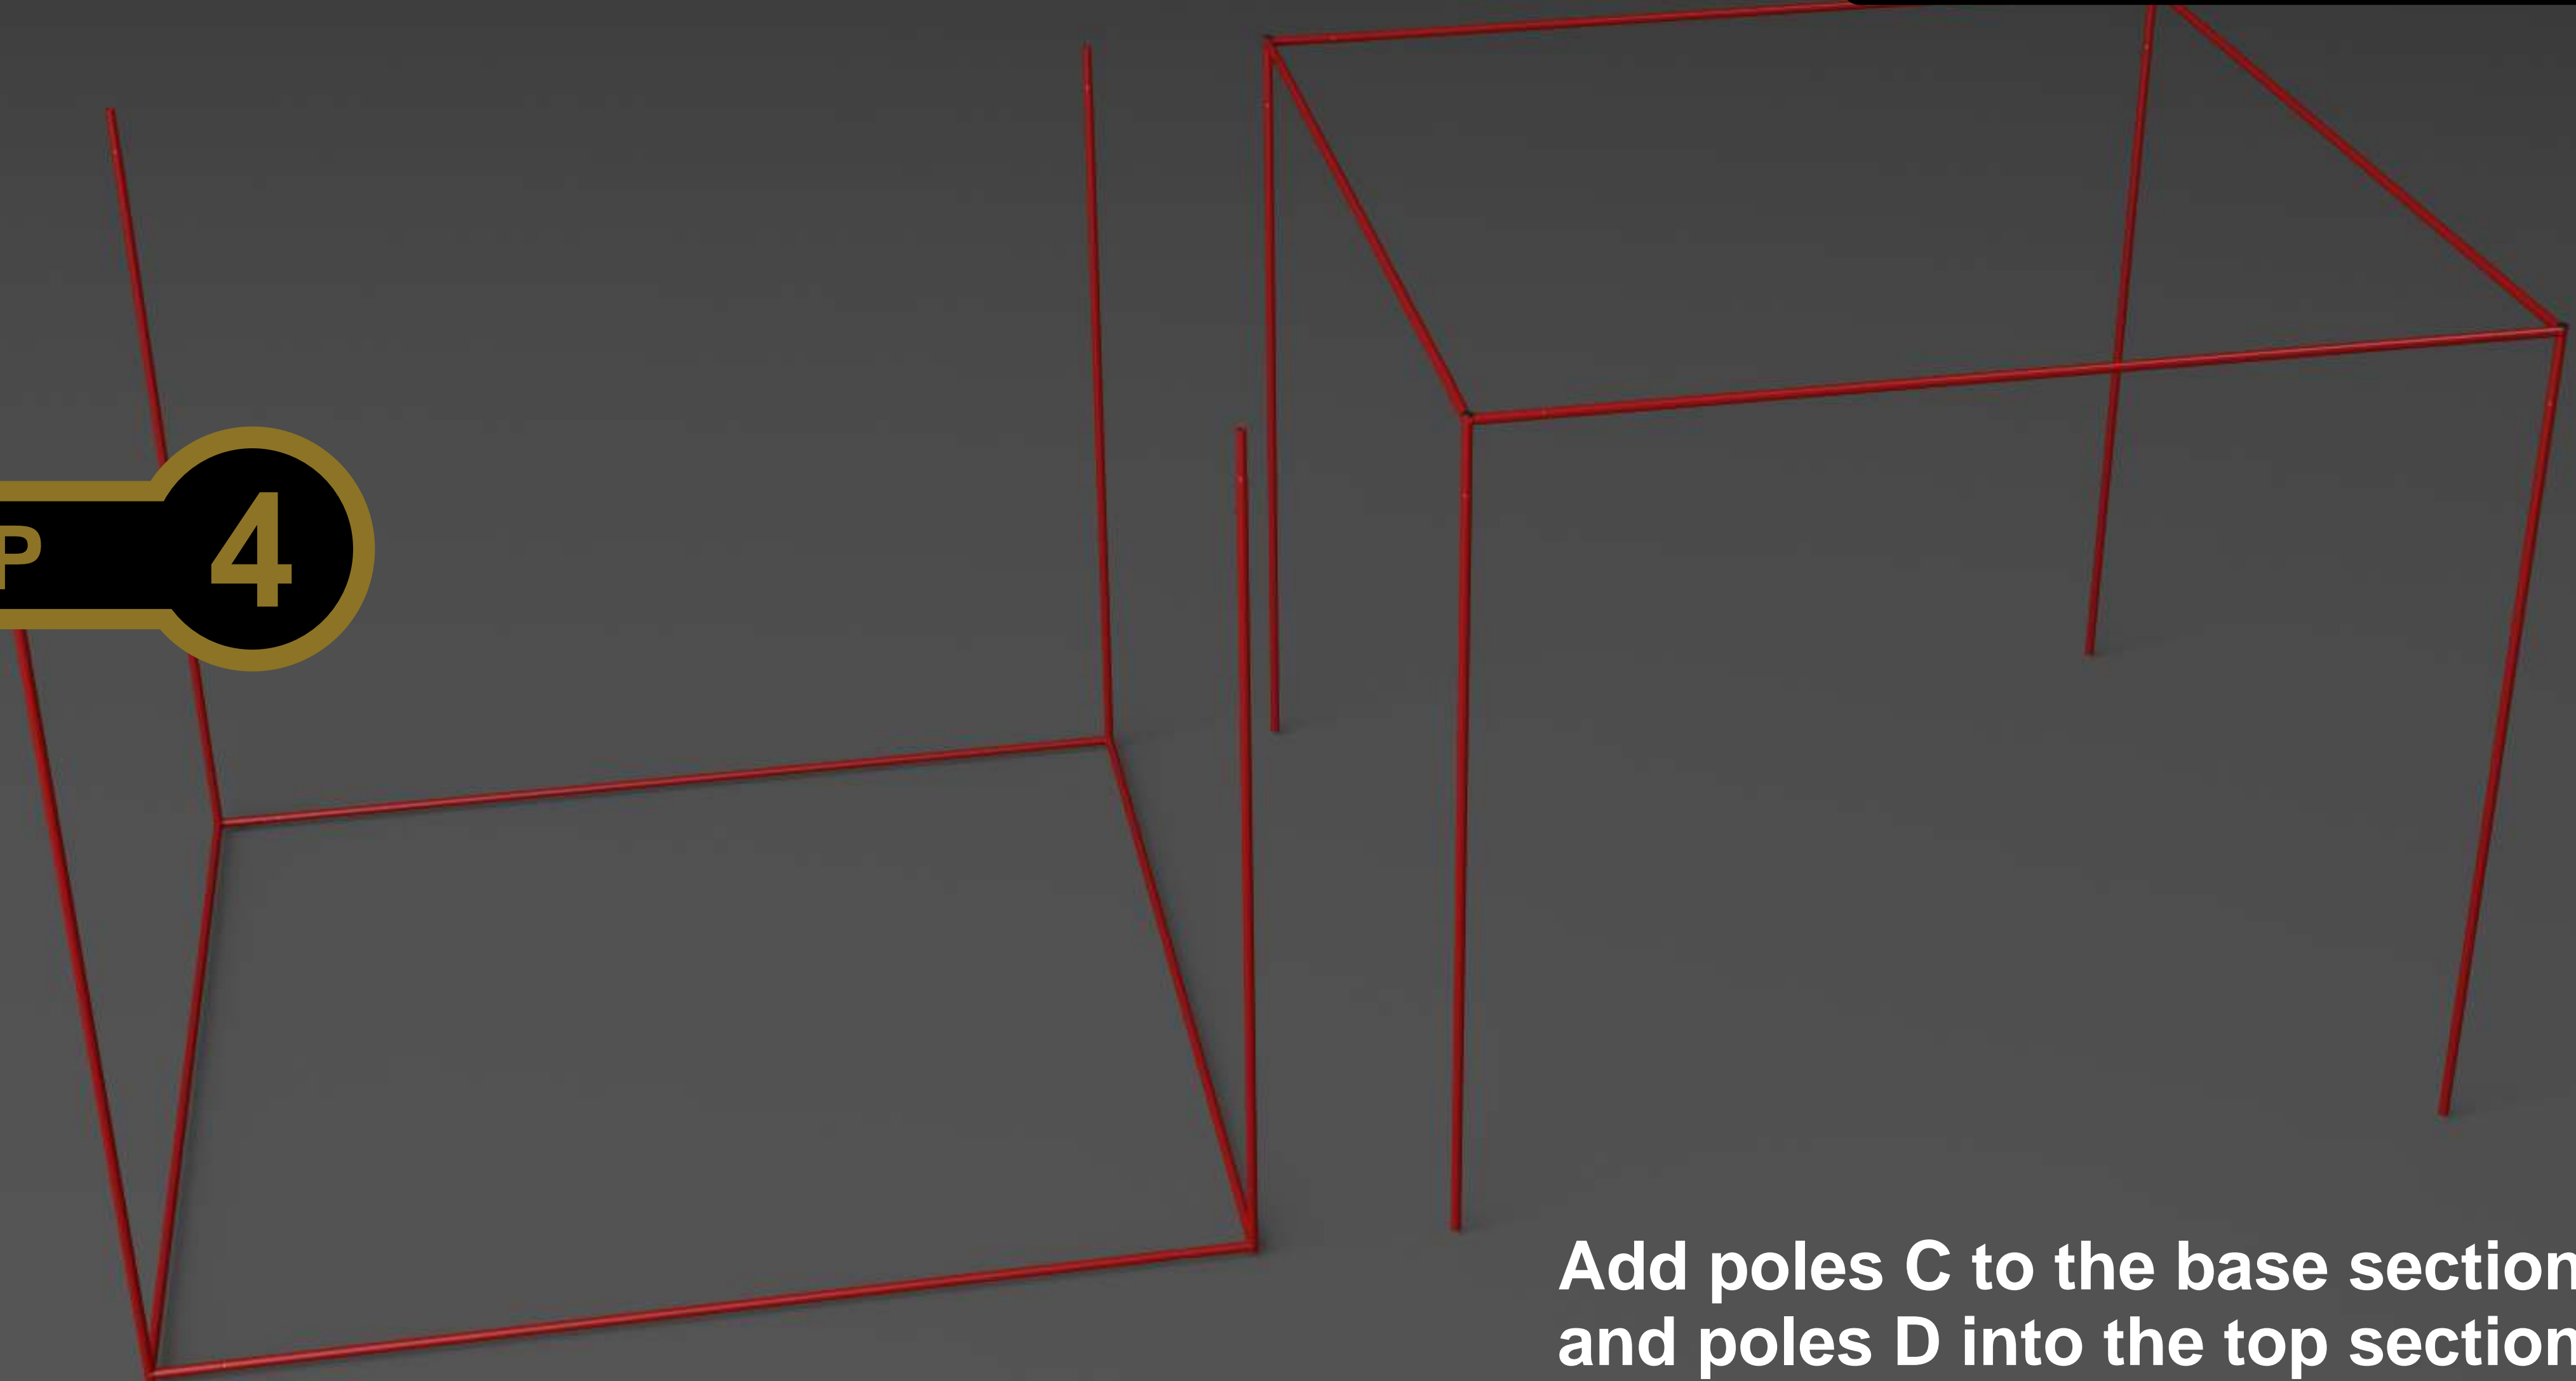

Once the base section is complete, repeat the process with the remaining corners and A and B poles to construct the top of the frame.

STEP

4

**Add poles C to the base section
and poles D into the top section.**

'D' Pole

Join together the base of the frame with
the top of the frame.

STEP

5

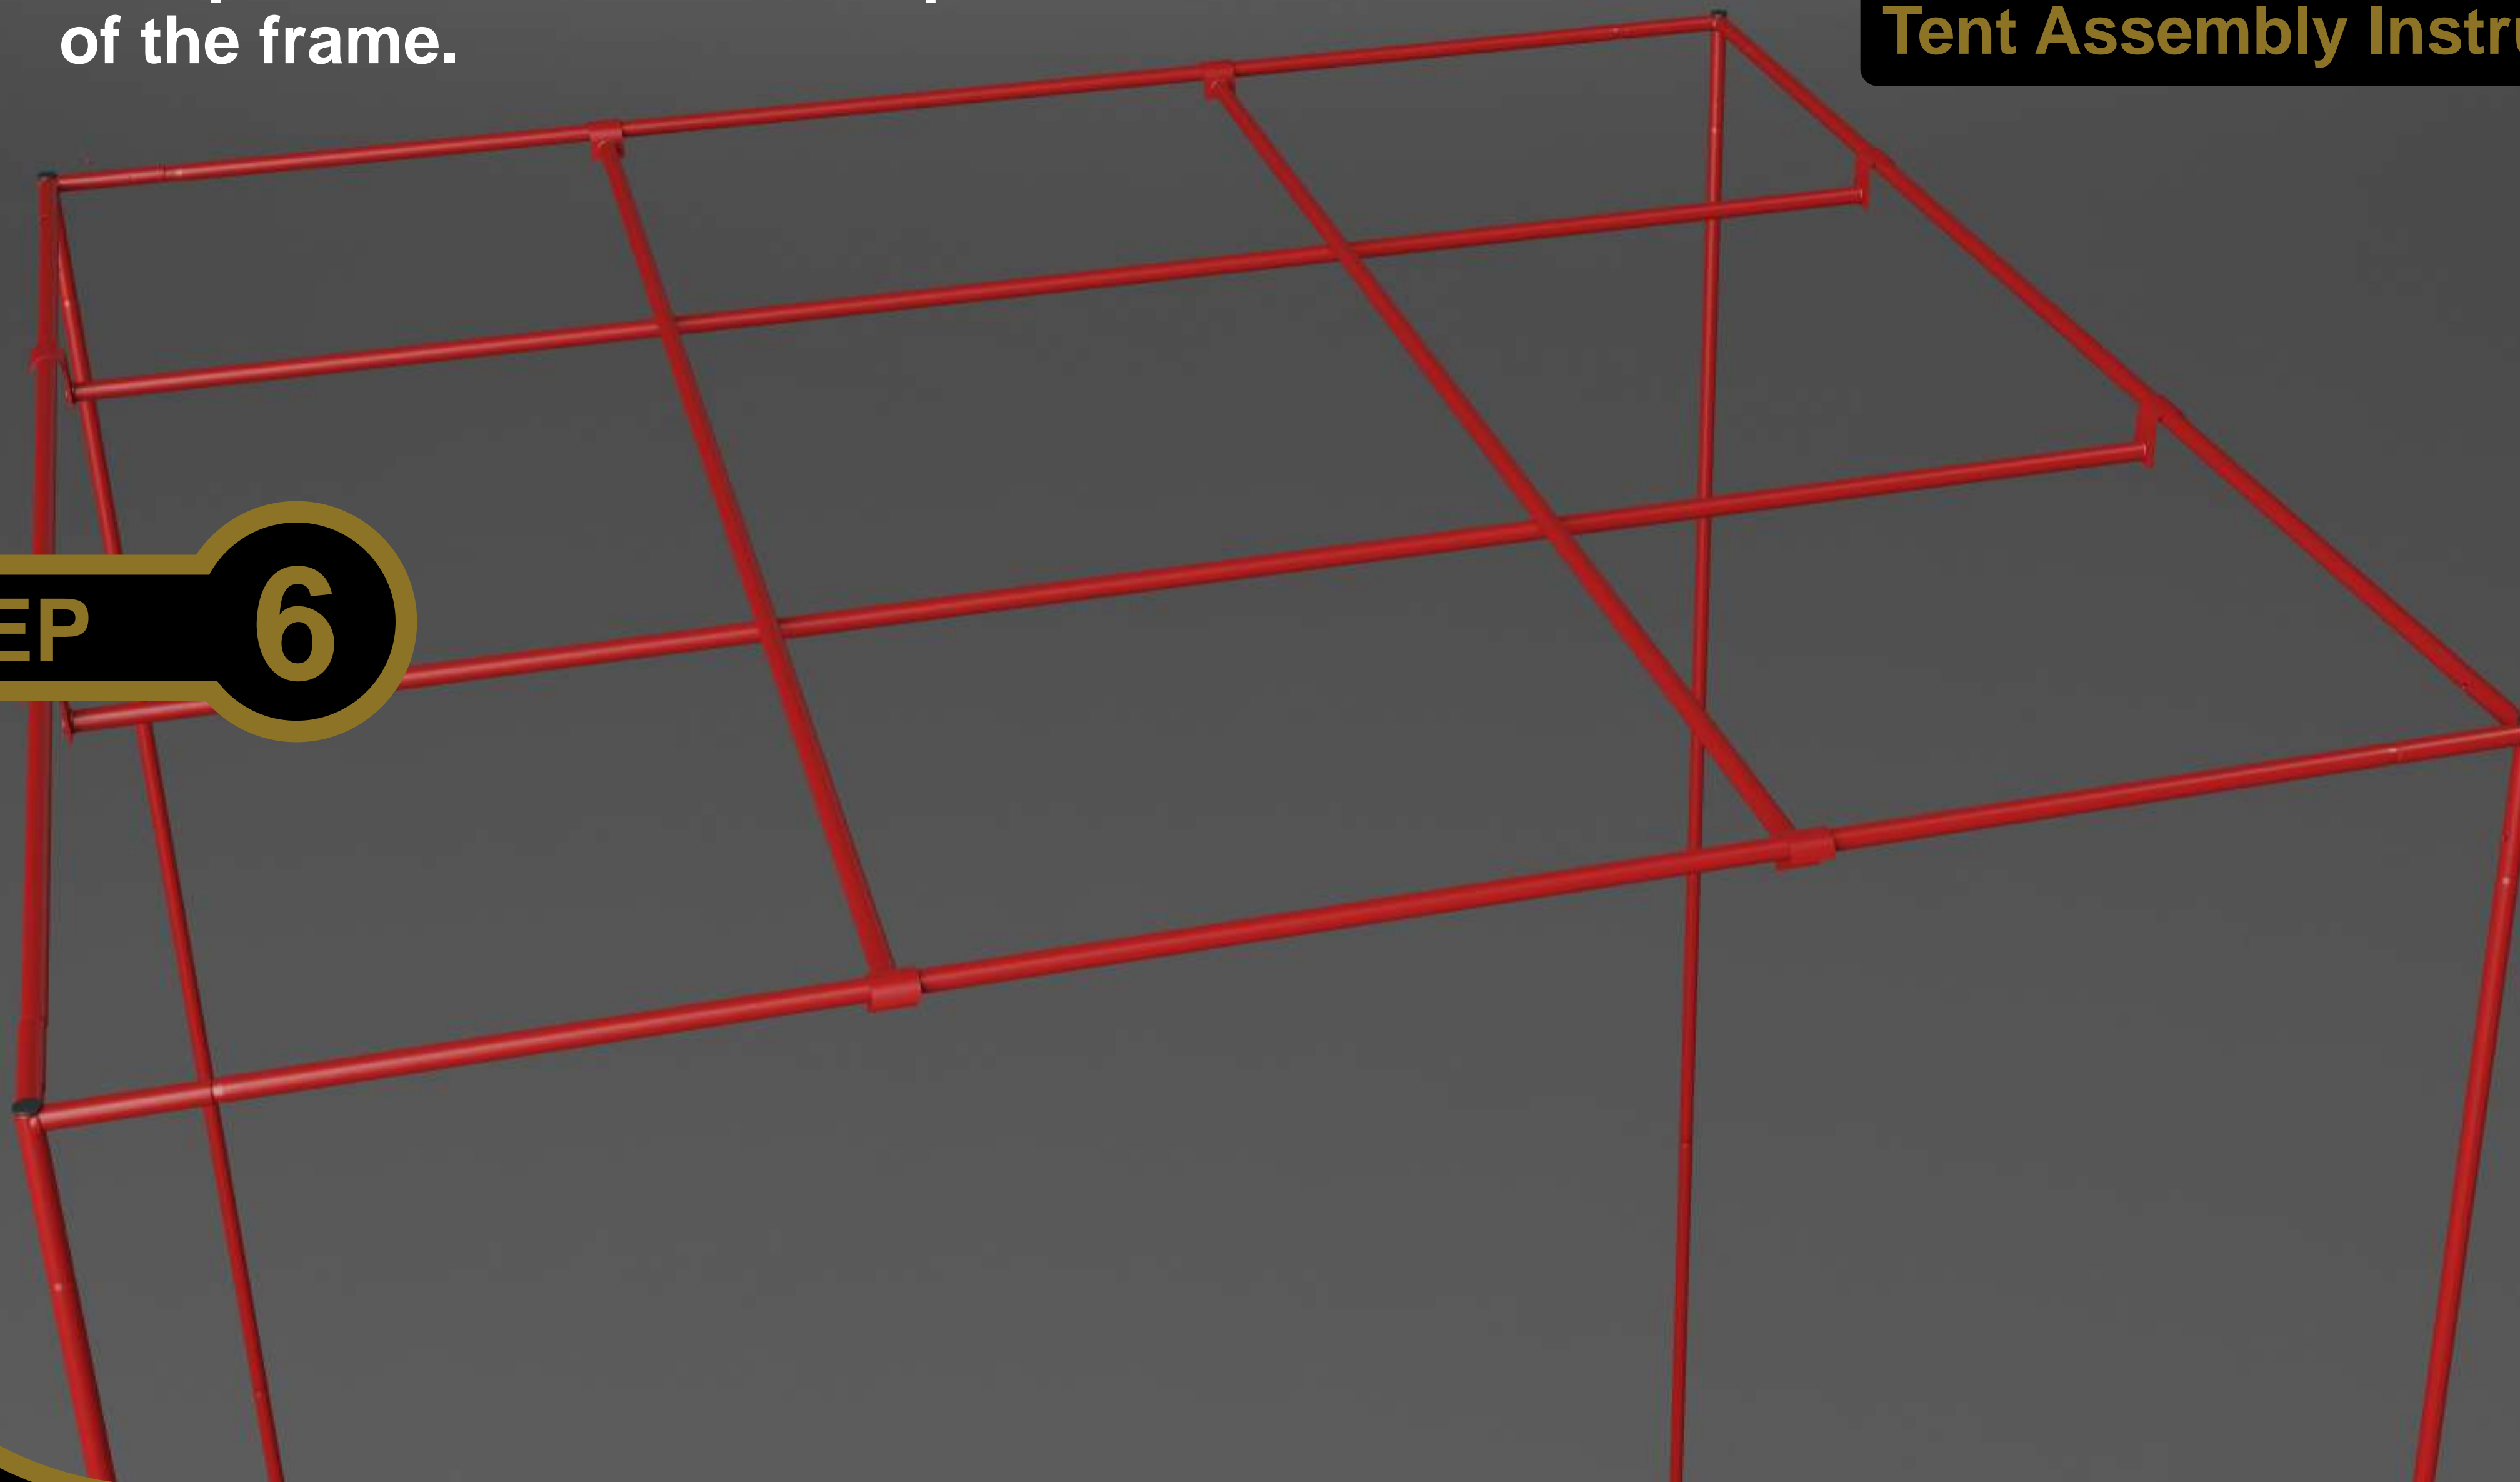

'C' Pole

Add poles E and F to the top of the frame.

STEP

6

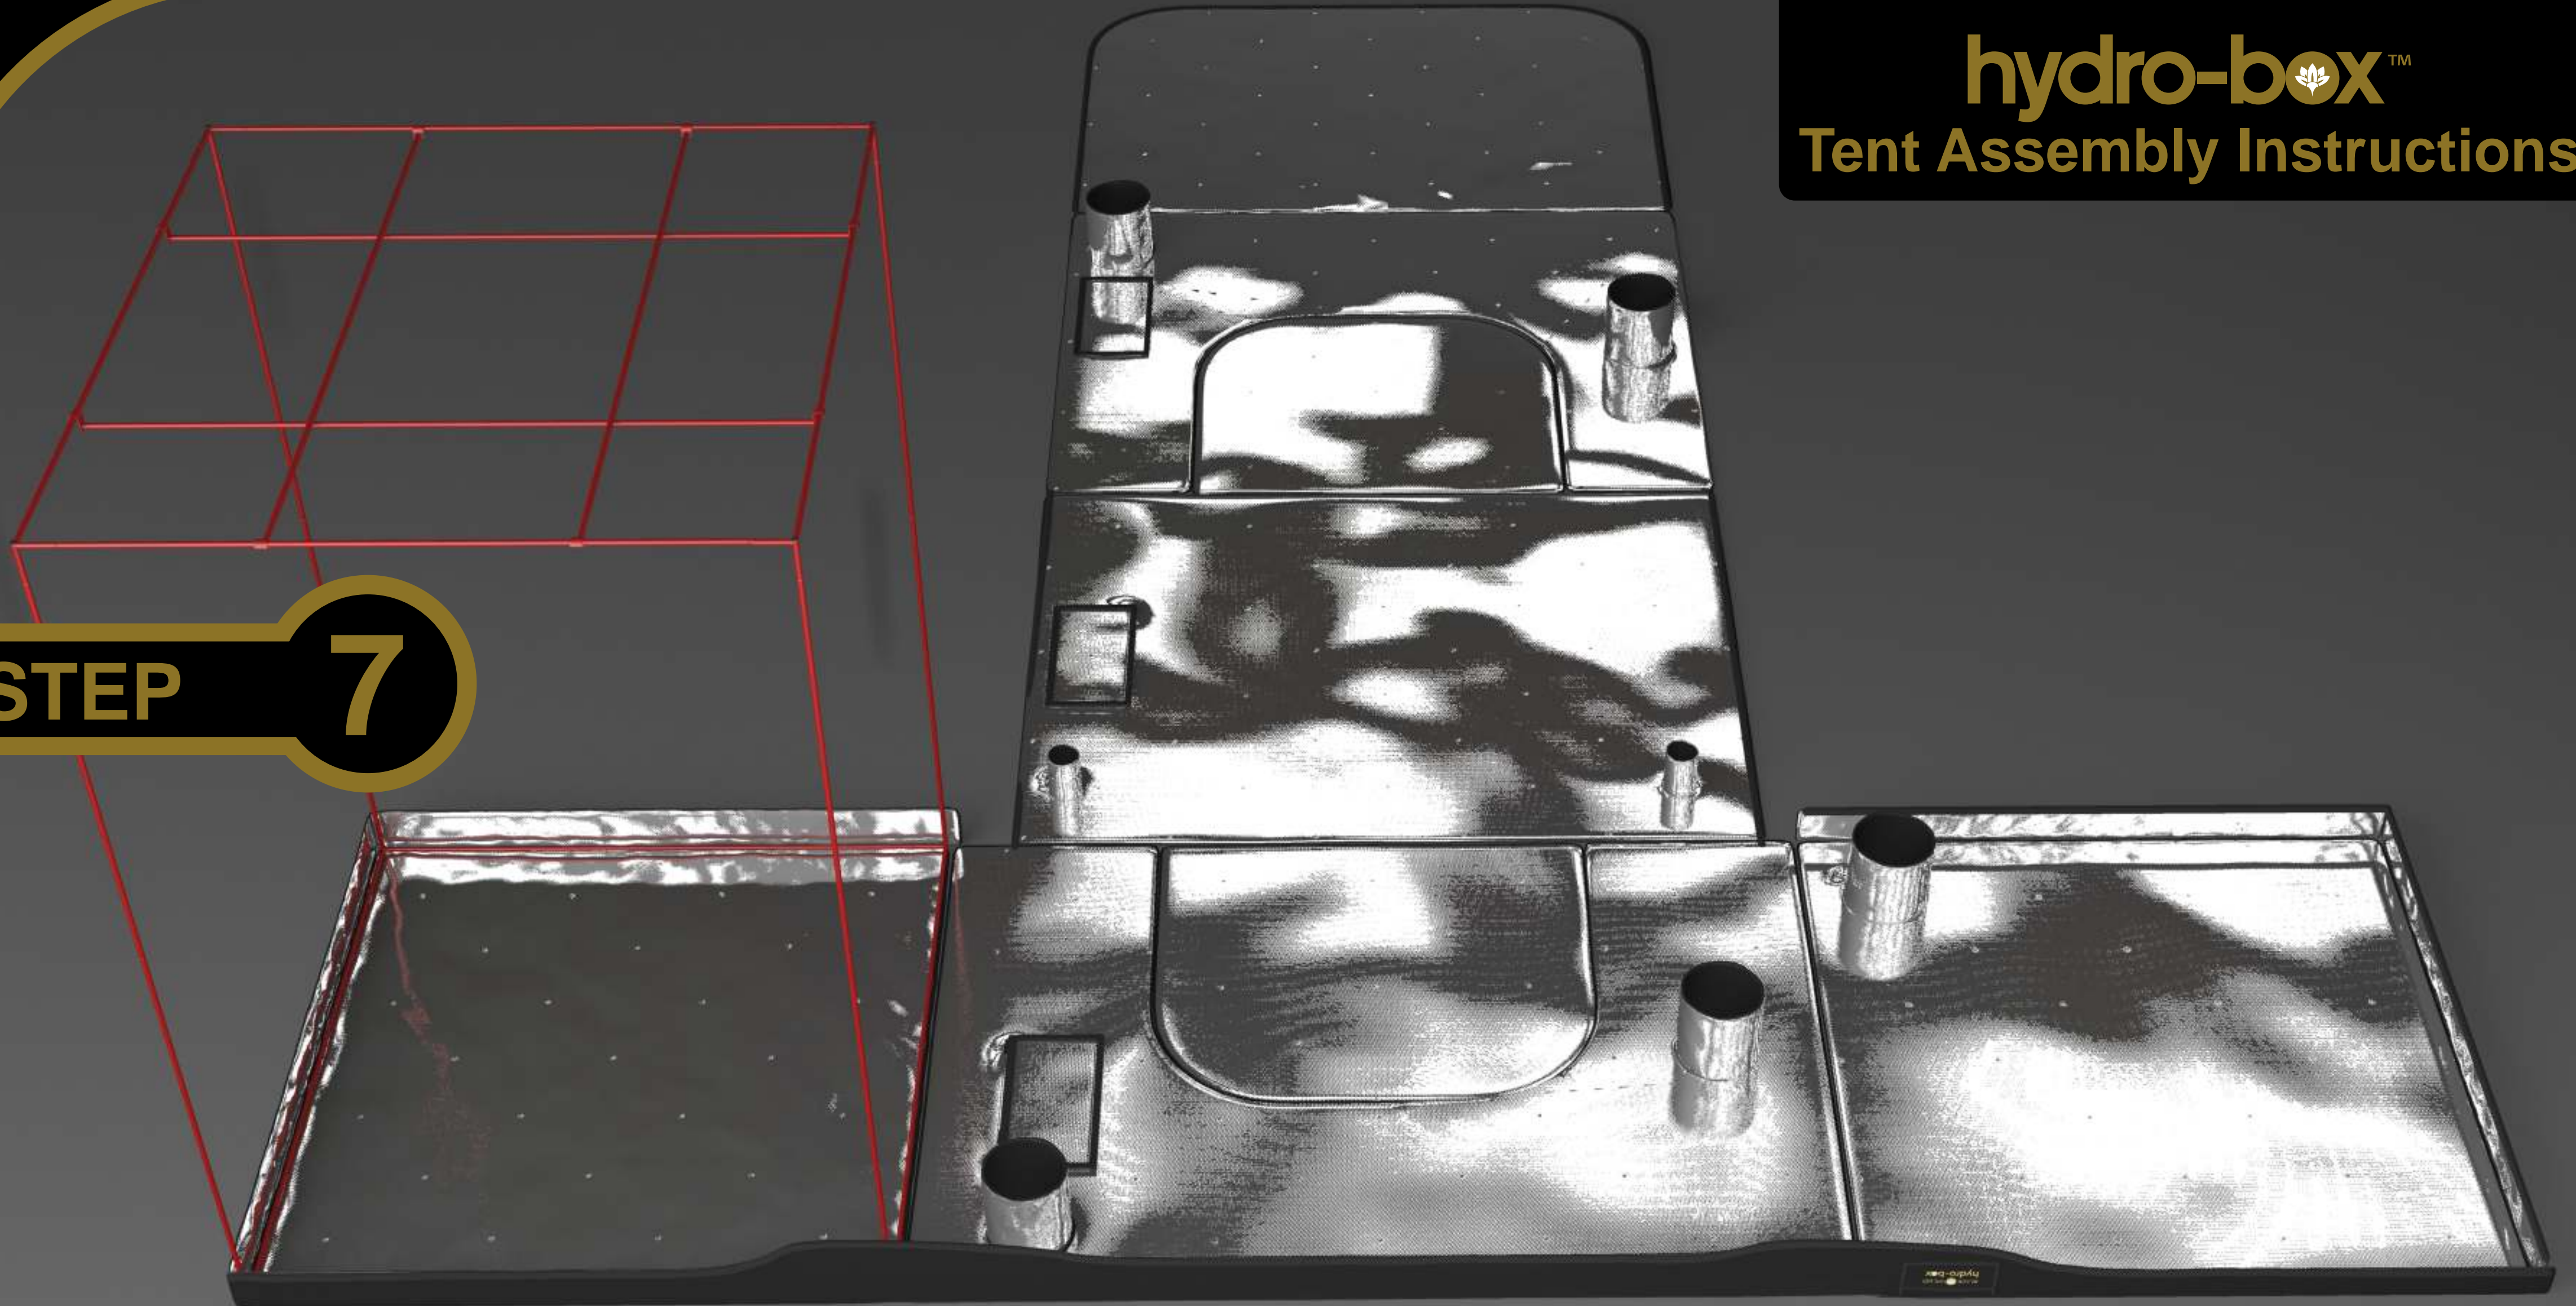

hydro-box™
Tent Assembly Instructions

STEP

7

Unfold your tent and place the frame into the base as pictured.

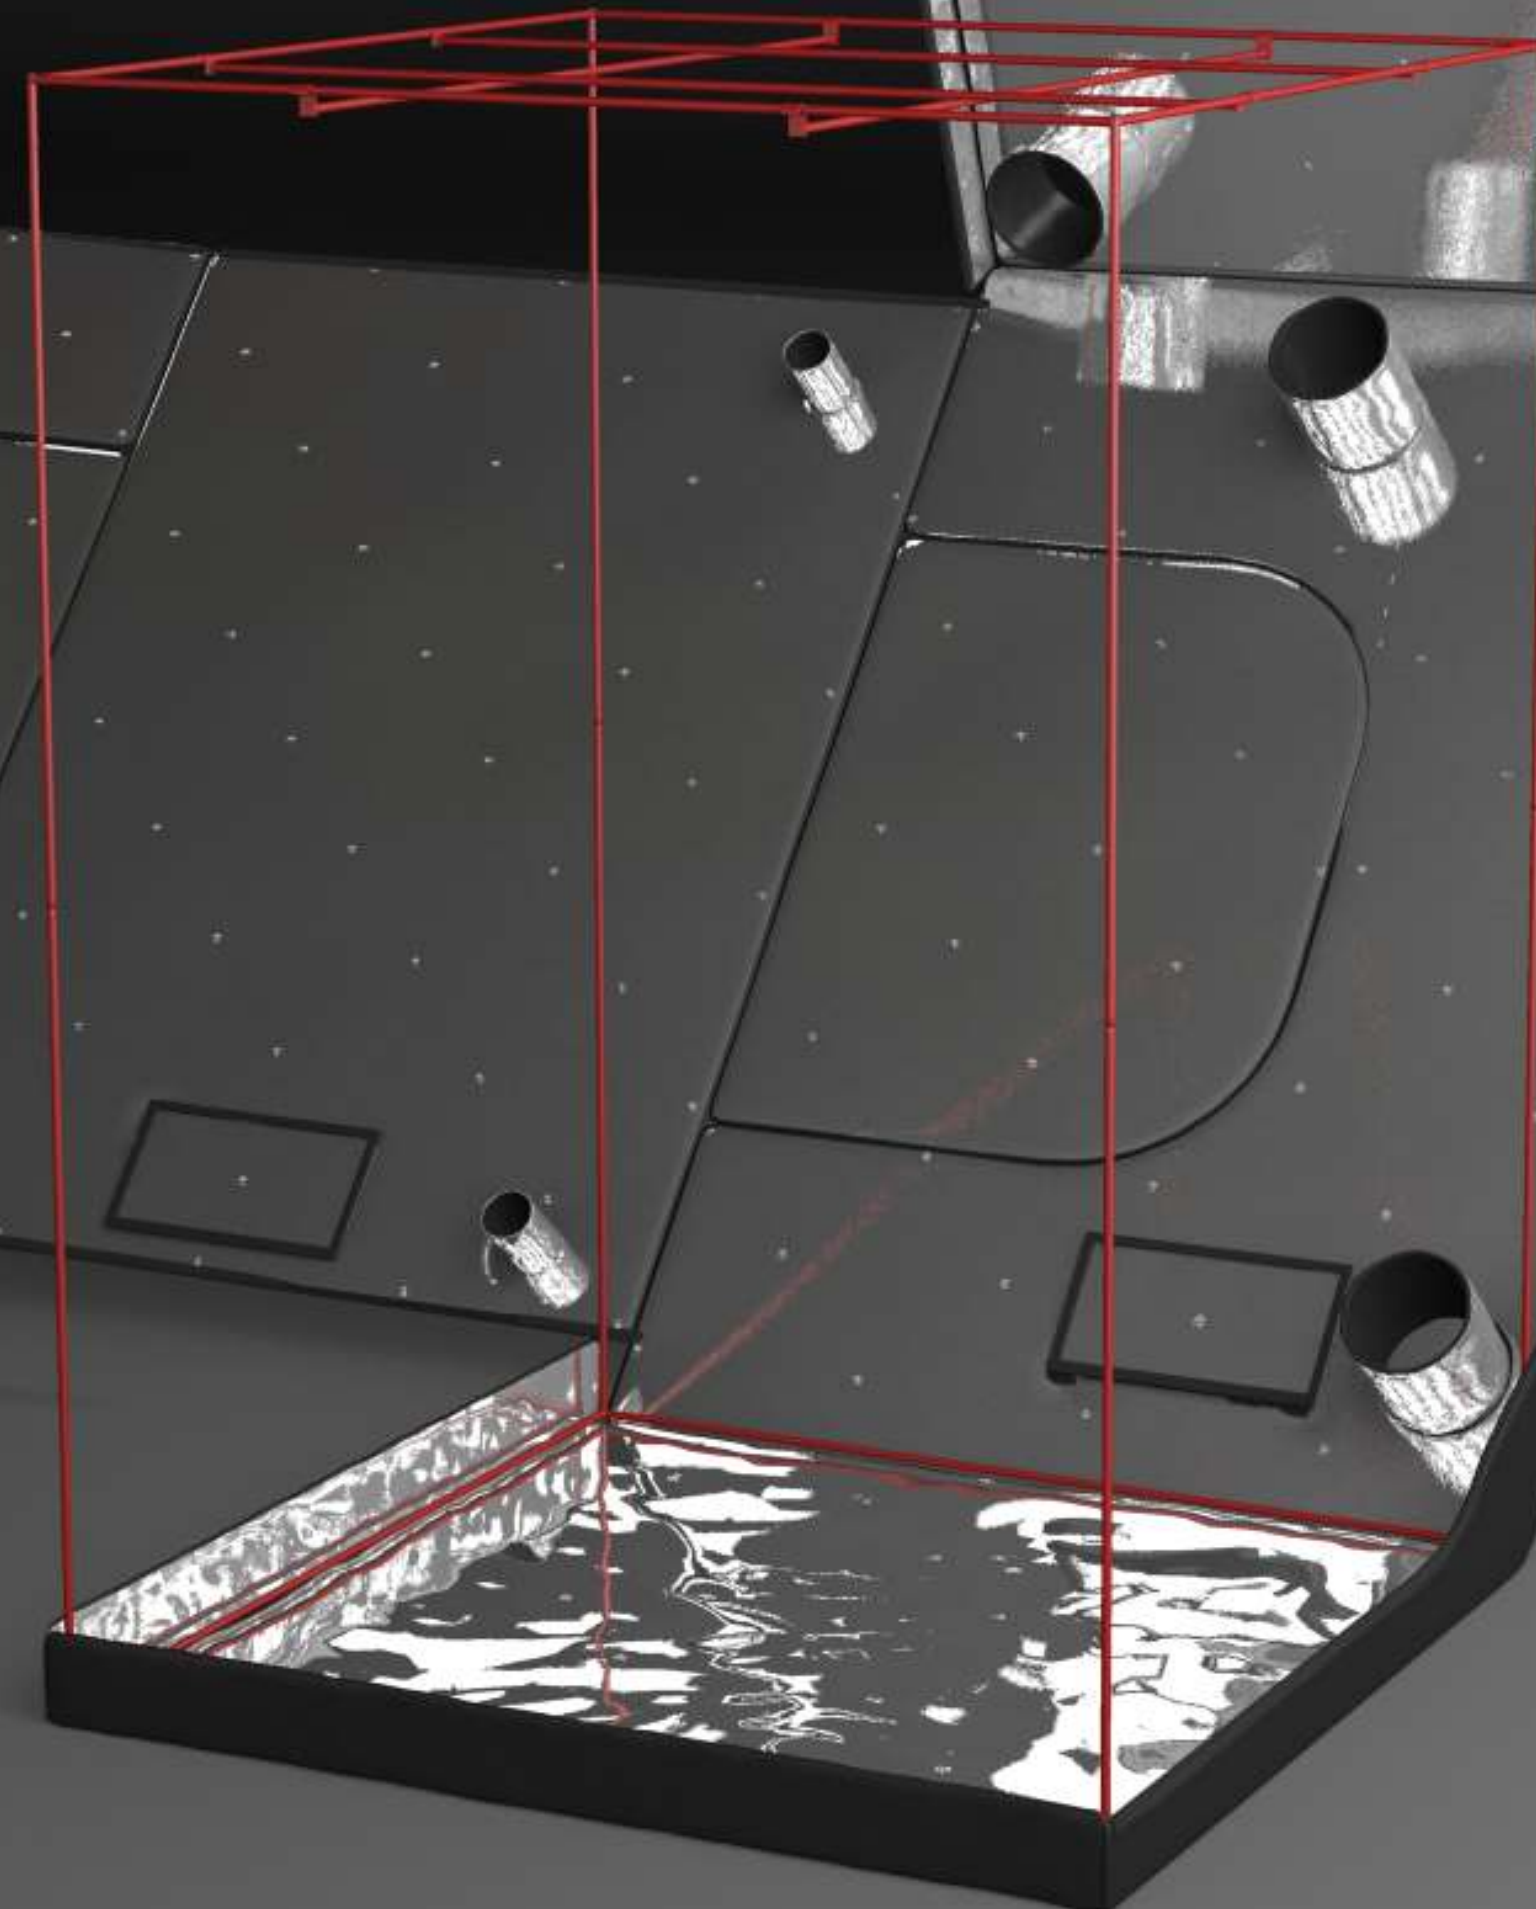

hydro-box™
Tent Assembly Instructions

Make sure the bottom of the tent is fitted firmly around the frame before lifting the top of the tent on to the frame.

STEP

8

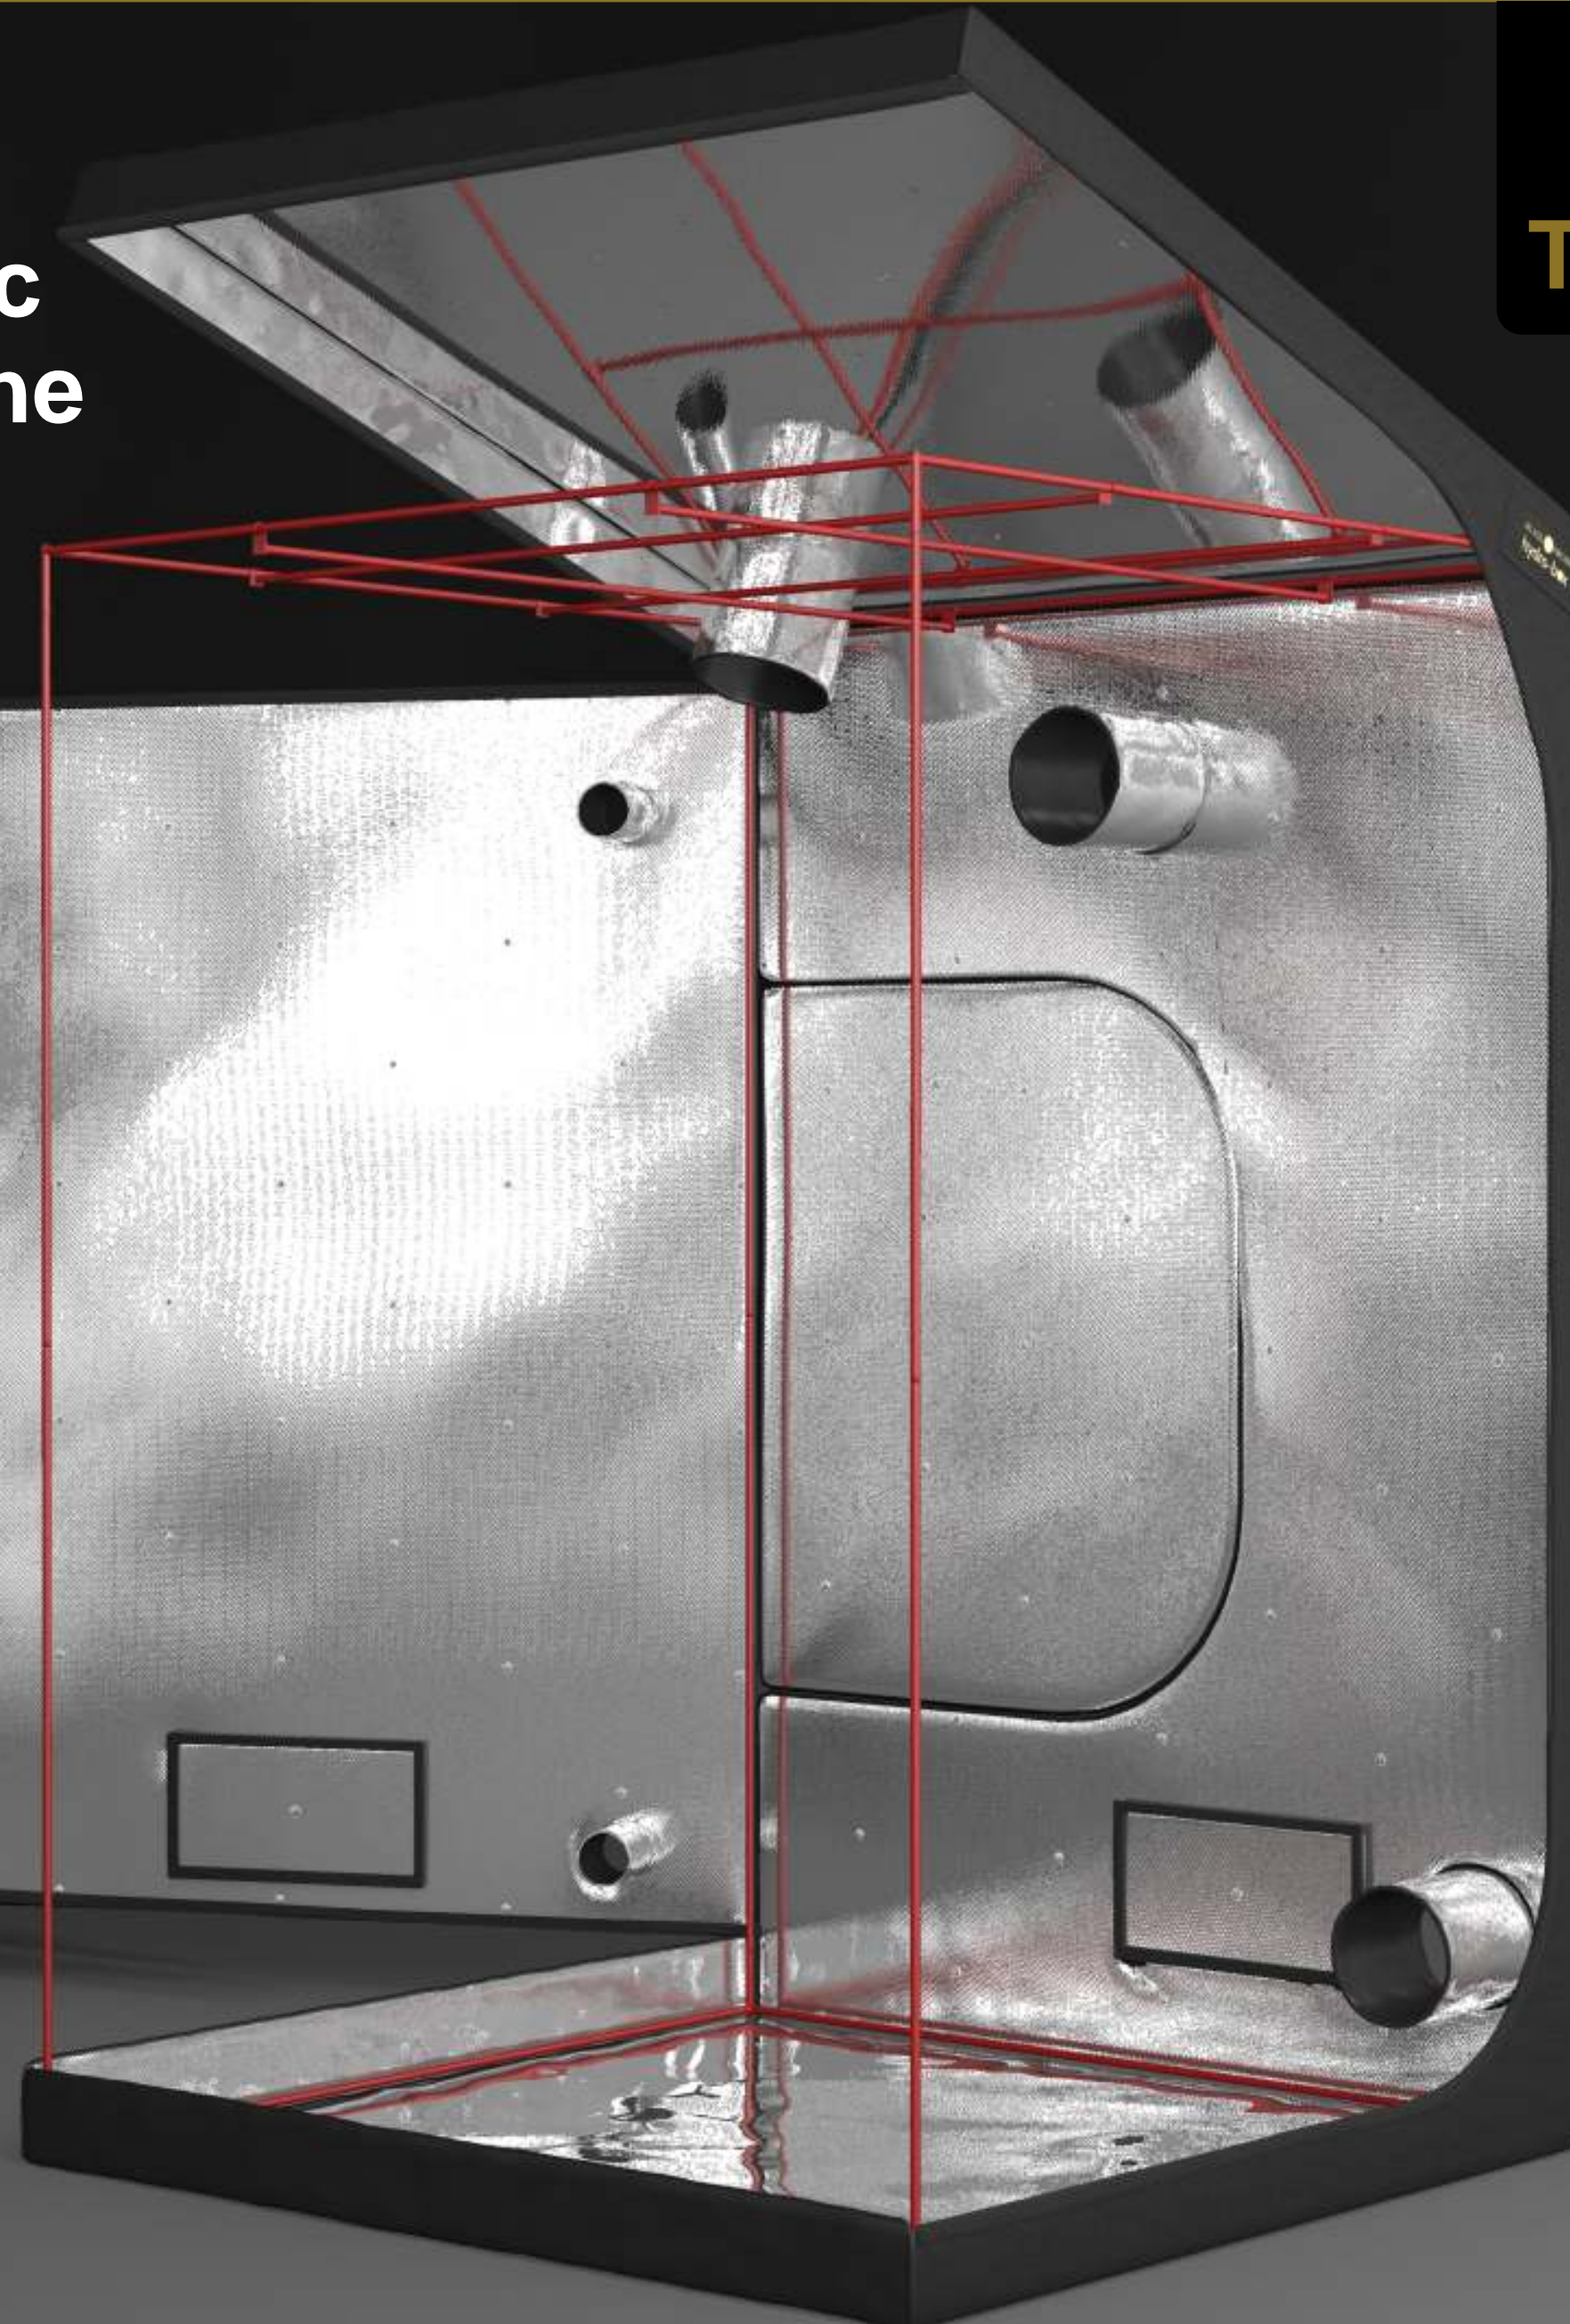

hydro-box™
Tent Assembly Instructions

Lift the top of the tent fabric and carefully fit it around the top of the frame.

STEP

9

Now, zip both the top and bottom zips to meet at the front of the tent.
